ASSIGNMENT BY INVENTOR

WHEREAS, I/We, Wei Ping LI, and Joseph MENONNA, and Yasuhiro MAEDA, and Bo WANG, and Rui Rong YUAN, and Wei LU; (now hereafter referred to as Assignor(s)), has(have) are inventors of certain new and useful invention(s) and own certain rights in the same for which one or more applications for letters patent has been filed in the United States of America, and/or any foreign country or International Patent Application, as noted in attached **SCHEDULE A**:

AND WHEREAS, Peter Dowling, a citizen of the United States of America, residing at 4 Horizon Road, #620, Fort Lee, New Jersey, US, 07024; (hereinafter referred to as Assignee), is desirous of acquiring the entire right, title and interest in and to said application, the inventions therein disclosed and in and to all priority rights and any letters patent that may be obtained therefore and thereon.

NOW, THEREFORE, for good and sufficient consideration, the receipt of which is hereby acknowledged, Assignor(s) so hereby sell, assign, transfer and set over unto Assignee, its successors, legal representatives and assigns, the entire right, title and interest to the extent they have any in and to the above-mentioned inventions and applications, including the right to collect damages for past acts of infringement, and including all priority rights and the right to claim priority, and in and to any and all direct and indirect divisions, continuations and continuations-in-part, and improvements of said application and any application claiming priority therefrom, and any and all Letters Patent in the United States and all foreign countries which may be granted therefor and thereon, and reissues, reexaminations and extensions of said Letters Patent, and all rights under the International Convention for the Protection of Industrial Property, the same to be held and enjoyed by Assignee, for its own use and benefit and the use and benefit of its successors, legal representatives and assigns, to the full end of the term or terms for which Letters Patent may be granted and/or extended.

And for the same consideration, Assignor(s) hereby covenants and agrees to and with Assignee, its successors, legal representatives and assigns, that Assignor will sign all papers and documents, take all lawful oaths and do all acts necessary or required to be done for the procurement, maintenance, enforcement and defense of any Letters Patent and applications for Letters Patent for said inventions, without charge to Assignee, its successors, legal representatives and assigns, whenever counsel of Assignee, or counsel of its successors, legal representatives and assigns, shall advise; that any proceeding in connection with said inventions, or said Utility application for Letters Patent, or any proceeding in connection with any Letters Patent or applications for Letters Patent for said inventions in any country, including but not limited to interference proceedings, is lawful and desirable; or, that any division, continuation or continuation-in-part of any application for Letters Patent, or any reissue, reexamination or extension of any Letters Patent, to be obtained thereon, is lawful and desirable.

Furthermore, Assignor(s) hereby grants the following individuals the power to insert on this Assignment any further identification which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office or other Patent

Office for recordation of this document:

Peter Dowling; and all practitioners associated with United States Patent Office
Customer Number 21874.

This Assignment shall be construed in accordance with the laws of the New Jersey.

AND Assignor(s) acknowledges an obligation of assignment of this invention,
and all priority rights related thereto, to Assignee at the time the invention was made.
