## ASSIGNMENT OF INTELLECTUAL PROPERTY

THIS ASSIGNMENT OF INTELLECTUAL PROPERTY is made effective as of 12/31/2014 ("Effective Date") by and between Sensorbit Systems, Inc., a Texas Corporation having a place of business at 495 Vanderbilt Ct, COS, CO ("Assignor") and Edge 3 Technologies, Inc., a Delaware Corporation having its principal place of business at 688 W. First Street, Suite 3, Tempe, AZ 85281 ("Assignee").

WHEREAS, Assignor possesses the entire right and interest associated with certain inventions which are described in one or more issued Letters Patent or one or more applications for Letters Patent as set forth in Appendix A (the "Inventions"); and

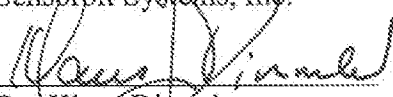

WHEREAS Assignor has agreed to assign 100% of the right, title and interest in the Inventions and Assignee desires to accept the assignment

NOW THEREFORE, for good and valuable consideration, the receipt, adequacy and legal sufficiency of which are hereby acknowledged, Assignor assigns and transfers to Assignee, its successors and assigns, 100% of the right, title and interest in the Inventions and all other patent applications including continuing, divisional, reissue and reexamination applications hereafter filed in the United States or any other country based in whole or in part upon said Inventions, and all Letters Patent granted upon such applications by the United States or any other country, including the entire and exclusive right to sue for past infringement and to collect for all past, present and future damages and any other potential relief arising from the Inventions, together with all goodwill in the same, throughout the United States of America and the territories thereof, and all foreign countries.

Assignor hereby warrants that Assignor has the full right to make the conveyance herein, and Assignor further covenants that Assignor, Assignor's heirs, legal representatives, and assigns, will, when requested, communicate to Assignee, its representatives, successors and assigns, all facts known respecting the Inventions, assist in execution of all applications including regular, divisional, continuing reissue, reexamination and foreign applications together with individual assignments therefore, making rightful oaths, sign all lawful papers, testify in any legal proceedings and generally do everything possible in good faith to aid in the obtaining of Letters Patent.
