ASSIGNMENT

WHEREAS Vermeer Manufacturing Company, an Iowa Corporation having a place of business at 1210 Vermeer Road East, Pella, Iowa 50219 (hereinafter referred to as "Assignor"), is the sole owner and assignee of an undivided right, title and interest in and to the following applications for letters patent of the United States:

Country of Filing	Title	Application No.	Filing Date
US	Baler Rotor Assembly Strippers	15/183,231	June 15, 2016
US	Tine Mounting Pads	15/183,219	June 15, 2016
US	Pick-Up Device of a Forage Implement	15/183,165	June 15, 2016

(hereinafter referred to as "said United States applications"), and the inventions disclosed therein (hereinafter referred to as "said inventions");

AND, WHEREAS, Forage Innovations B.V., a company incorporated under the laws of Netherlands and having its registered address at Cornelis Van Der Lelylaan 1, 3147 PB, Maassluis Netherlands (hereinafter referred to as "ASSIGNEE"), is desirous of acquiring certain rights, title, and interest of Assignor in said United States applications and said inventions;

NOW, THEREFORE, for good and valuable consideration, receipt of all of which is hereby acknowledged, Assignor has agreed to and does hereby sell, assign and transfer unto said ASSIGNEE the entire right, title and interest in and throughout the United States of America (including its territories and dependencies) and all countries foreign thereto in and to said invention, said United States application, any other United States applications (including provisional, non-provisional, divisional, continuing, or reissue applications) based in whole or in part on said United States application or in whole or in part on said invention, any foreign applications based in whole or in part on any of the aforesaid United States applications or in whole or in part on said invention,

and any and all patents (including extensions thereof) of any country which have been or may be granted on any of the aforesaid applications or on said invention or any part thereof;

TO BE HELD AND ENJOYED by said ASSIGNEE, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by us had no sale and assignment of said interest been made;

AND Assignor hereby authorizes and requests the Commissioner of Patents of the United States of America to issue any and all United States patents which may be granted upon said United States applications or any of them, or upon said invention or any part thereof, to said ASSIGNEE;

AND Assignor hereby agrees for itself and for its respective heirs, executors and administrators, to execute without further consideration any further lawful documents and any further assurances, and any provisional, non-provisional, divisional, continuing, reissue, or other applications for patents of any country, that may be deemed necessary by said ASSIGNEE fully to secure to said ASSIGNEE its interest as aforesaid in and to said invention or any part thereof, and in and to said several patents or any of them;

AND Assignor hereby covenants for itself and its respective legal representatives that it has granted no right or license to make, use or sell said invention, to anyone except said ASSIGNEE, that prior to the execution of this deed our right, title and interest in said invention had not been otherwise encumbered, and that we have not executed and will not execute any instrument in conflict herewith.

IN WITNESS WHEREOF, Assignor has caused these presents to be executed by its officers thereunto duly authorized this 17th day of AUGUST, 2016.

For and on behalf of Vermeer Manufacturing Company.
