PATENT ASSIGNMENT

WHEREAS, I, Michael Schaffer, DMD, residing in Coral Springs, Florida (hereinafter, ASSIGNOR), have invented certain new and useful inventions and improvements in and to the subject matter of:

TEMPORARY INSTRUMENT HOLDER, SHARPS PROTECTOR, PASSING AID AND SAFETY TRANSPORT APPARATUS

described in a United States design patent application filed on October 6, 2014 and accorded Application Serial No. 29/504400 now U.S. Design Patent No. D728819 (the "Patent");

AND, WHEREAS, StarCap Medical, LLC dba Prism Medical & Design, a limited liability company organized under the laws of the State of Florida and having an address of 9604 Exbury Court, Parkland, Florida 33076 (hereinafter "ASSIGNEE") is desirous of acquiring certain rights to the inventions and improvements in and under the Patent;

NOW, THEREFORE, in consideration of the sum of One Dollar (\$1.00) or the equivalent thereof, and other good and valuable consideration, receipt of which is hereby acknowledged, I do hereby sell, assign and transfer unto ASSIGNEE, its successors, assigns and legal representatives, my entire right, title and interest in and throughout the United States of America (including its territories and dependencies) and all countries foreign thereto in and to said inventions and improvements, said Patent, any other United States applications, including provisional, divisional, renewal, substitute, continuation, reexamination and-reissue-applications, based in whole or in part on said Patent or in whole or in part on said inventions and improvements, any foreign applications, including international and regional applications, based in whole or in part on any of the aforesaid United States applications or in whole or in part on said inventions and improvements, and in and to any and all letters patent, including extensions thereof, of any country which have been or may be granted on any of the aforesaid applications or on said inventions and improvements or any parts thereof;

AND I hereby agree for myself and my heirs, executors and administrators to execute without further consideration any further documents and instruments which may be necessary, lawful and proper in the prosecution of said Patent or in the preparation or prosecution of any continuing, substitute, divisional, renewal, reexamination or reissue application or in any amendments, extensions or interference proceedings, or other applications for patents of any region or country, that may be necessary to secure to ASSIGNEE its interest and title in and to said inventions and improvements or any parts thereof, and in and to said several patents or any of them;

AND I hereby covenant for myself and my legal representatives, and agree with said ASSIGNEE, its successors and assigns, that I have granted no right or license to make, use, sell or offer to sell said inventions and improvements, to anyone except said

ASSIGNEE, that prior to the execution of this deed, my right, title and interest in said inventions and improvements had not been otherwise encumbered, and that I have not and will not execute any instrument in conflict therewith;

AND in the event the ASSIGNEE is unable, after reasonable effort, to secure my signature on any document relating to the Patent, whether because of my physical or mental incapacity or for any other reason whatsoever, I hereby irrevocably designate and appoint ASSIGNEE and its duly authorized agents as my agent and attorney in fact (which designation and appointment shall be (i) deemed coupled with an interest and (ii) irrevocable, and shall survive my death or incapacity), to act for and in my behalf and stead to execute and file any such application or applications and to do all other lawfully permitted acts to further the prosecution and issuance of letters patent or other analogous protection thereon with the same legal force and effect as if executed by me;

AND I do hereby authorize and request the Director of the United States Patent and Trademark Office to issue any and all letters patent which may be granted upon said United States applications, or upon said improvements or any parts thereof when granted, to said ASSIGNEE;

I hereby grant the firm of Nancy J. Flint, Attorney At Law, P.A. the power to insert on this assignment any further identification, including the application number and filing date, which may be necessary or desirable in order to comply with the rules of the United States Patent & Trademark Office for recordation of this document.

This PATENT ASSIGNMENT may be executed in two or more counterparts, including by PDF or facsimile signature, each of which shall be deemed an original but all of which taken together shall constitute one and the same instrument.
