WHEREAS, the INVENTOR now wishes to assign his patent applications to LF Centennial Limited, (hereinafter "LF CENTENNIAL") a limited liability company of The British Virgin Islands having a principal place of business located at P.O. Box 957 Offshore Incorporations Centre, Road Town, Tortola, British Virgin Islands

NOW THEREFORE, for valuable consideration, the receipt and sufficiency of which are hereby acknowledged, said INVENTOR has sold, assigned, and transferred and by these presents does sell, assign, and transfer unto LF CENTENNIAL, and to its successors and assigns, the entire right, title and interest in and to said patent applications and any continuations, divisions, reissues and reexaminations thereof for the territory of the United States of America and for all

foreign countries, said Inventions and applications to be held and enjoyed by LF CENTENNIAL for its own use and enjoyment and for the use and enjoyment of its successors and assigns, to the full end of the term for which Letters Patents on same will be granted, as fully and entirely as the same would have been held by said INVENTOR had this assignment and sale not been made.

Said INVENTOR hereby covenants that he has the full right to convey the entire interest herein assigned, and that he has not executed, and will not execute, any agreement in conflict herewith.

Said INVENTOR further covenants and agrees that he will communicate to LF CENTENNIAL and to its successors and assigns any facts known to him respecting said INVENTIONS, and at no expense to himself, testify in any legal proceeding, sign all applications, make all rightful oaths, and generally do everything reasonable to aid LF CENTENNIAL and its successors and assigns to obtain and enforce proper patent protection for said Inventions in all countries.

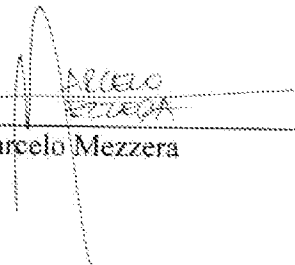

Said INVENTOR acknowledges that this Assignment does not apply to any invention which qualifies fully under the provisions of Section 2870 of the California Labor Code, which states that:

his or her own time without using the employer's equipment, supplies, facilities,
or trade secret information except for those inventions that either:

1. Relate at the time of conception or reduction to practice of the invention to the employer's business, or actual or demonstrably anticipated research or development of the employer.
