PATENT ASSIGNMENT (Invention Assignment)

For value received, the undersigned hereby assigns to OurPet's Company, a Colorado corporation having its principal place of business at 1300 East Street, Fairport Harbor, OH 44077, its successors and assigns, all right, title, and interest in the invention or improvements in an invention for a Multi Positioned Animal Feeder, invented by me (and described in the patent application entitled Improved Elevated Animal Feeder and referenced by Docket No. OP-2997), together with all applications for patents for the same in other countries, and all divisions, reissues, continuations, and extensions, and all rights of priority resulting from the filing of the corresponding United States application.

I request and empower any duly authorized official to issue any patent on the invention or improvements, or resulting from the improvements, to assignee or its successors or assigns.

I agree that, on request and at assignee's expense, I will communicate to assignee or its representatives or nominees, any facts known to me respecting the invention or improvements, and will testify in any legal proceeding, execute divisional, continuing, and reissue applications and other documents, and otherwise do everything possible to aid assignee, or its successors, assigns, and nominees, to obtain and enforce patent protection for the invention or improvements in all countries.
