### **ASSIGNMENT**

For good and valuable considerations, the receipt and sufficiency of which are hereby acknowledged, each undersigned inventor has sold and assigned, and to the extent necessary hereby sells and assigns, to:

Assignee Name: **WILDCAT DISCOVERY TECHNOLOGIES, INC**  
a Delaware corporation  
Assignee Address: 6985 Flanders Drive  
San Diego, CA 92121

its successors and assigns (hereinafter Assignee) the entire right, title and interest in the invention or improvements of the undersigned disclosed in the following application for Letters Patent of the United States filed in the U.S. Patent and Trademark Office:

Invention Title: **Solid Electrolyte Compositions**  
Filing Date: March 30, 2016  
Application Serial No.: 15/085,924  
Attorney Docket: 12023US01

and in said application and any and all other applications, both United States and foreign, which the undersigned may file, either solely or jointly with others, on said invention or improvements, and in any and all Letters Patent of the United States and foreign countries, which may be obtained on any of said applications, and in any provisional, non-provisional, continuation, continuation-in-part, divisional, reexamination, reissue or extension of such applications or patents, and confirm their having further assigned, and to the extent necessary do hereby further assign, to said Assignee the priority right provided by the International Convention and the entire right, title and interest in any and all priority applications.

The undersigned hereby authorize and request the Director of the U.S. Patent and Trademark Office to issue said Letters Patents to said Assignee.

The undersigned have warranted themselves to have been, and to the extent necessary do hereby warrant themselves to be, the owners of the entire right, title and interest in said inventions or improvements, and to have had, and to the extent necessary to have, the right to make such assignment, and have further warranted, and to the extent necessary do hereby further warrant, that there are no outstanding prior assignments, licenses, or other encumbrances on the interest assigned.

For said considerations the undersigned confirm their agreement, and to the extent necessary do hereby agree, upon the request and at the expense of said Assignee, its successors and assigns, to cooperate to the best of the ability of the undersigned with said Assignee, its successors and assigns, in any proceedings or transactions involving such applications or patents and to perform any and all other acts necessary to obtain said Letters Patents, both United States and foreign, and vest all rights therein conveyed in the Assignee, its successors and assigns, whereby said Letters Patent will be held and enjoyed by the said Assignee, its successors and assigns, to the full end of the term for which said Letters Patents will be granted, as fully and entirely as the same would have been held and enjoyed by the undersigned if such assignment had not been made.

The undersigned hereby authorize and request the attorneys of record in said application to insert in this instrument any further identification, which may be necessary or desirable to comply with the rules of the U.S. Patent and Trademark Office concerning recordation of this instrument.

SIGNED at City of San Diego, State of California,

this 22<sup>nd</sup> day of August, 2016.
