ASSIGNMENT

WHEREAS, John Muirhead-Gould, an individual residing in Delaware, Ohio, owns certain inventions for a SYSTEM AND METHOD FOR MATCHING RESOURCE CAPACITY WITH RESOURCE NEEDS ("the Inventions"), for which a U.S. patent application will be filed on or about the date hereinafter set forth; and

WHEREAS, Magna Services, LLC, a limited liability company incorporated under the laws of the state of Ohio, having its principal place of business in Delaware, Ohio, is desirous of acquiring an interest therein;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which hereby are acknowledged, I, John Muirhead-Gould sell, assign, and transfer to Magna Services, LLC, its successors and assigns, the full and exclusive right to the Inventions in the United States and its territorial possessions and in all foreign countries, and the entire right, title, and interest in and to any and all Patents that may be granted therefor in the United States and its territorial possessions and in any and all foreign countries, and in and to any and all subsequent, related provisional applications, U.S. non-provisional applications, divisions, continuations, reissues, substitutions, and extensions thereof.

I hereby authorize and request the Patent Office officials in the United States and any and all foreign countries to issue any and all of the Patents, when granted, to Magna Services, LLC, as the assignee of my entire right, title, and interest in and to the same, for the sole use of Magna Services, LLC, its successors and assigns.

Further, I hereby covenant and agree to and with Magna Services, LLC, and its successors and assigns, at the time of execution and delivery of the Inventions, that I am the sole and lawful owner of the entire right, title, and interest in and to the Inventions and the above-identified patent applications, that the same are unencumbered, and that I have good and full right and lawful authority to sell and convey the same in the manner herein set forth.

Further, I agree that I will communicate to Magna Services, LLC, or its representatives, any facts known to me respecting the inventions, and testify in any legal proceedings, sign all lawful papers, execute all subsequent, related provisional, U.S. non-provisional, divisional, continuation, reissue, substitution, and extension applications, execute all necessary assignment papers to cause any and all of the Patents to be issued to Magna Services, LLC, make all rightful oaths, and generally do everything possible to aid Magna Services, LLC, and its successors and assigns, to obtain and enforce proper protection for the Inventions in the United States and in any and all foreign countries.
