Sir:

**DECLARATION TO CORRECT ASSIGNMENT OR CHANGE OF NAME  
IMPROPERLY FILED AND RECORDED BY ANOTHER PERSON AGAINST  
OWNER'S PATENT UNDER MPEP 323.01(c)**

I state the following based on our personal knowledge and belief:

1. British Telecommunications Public Limited Company is the correct owner and continues to be the correct owner of the above-identified patent application or patent.
2. An assignment and recordation cover sheet for the patent application identified above were filed with the USPTO on October 21, 2001 and recorded at Reel 012271, Frame 0678 by inventor Tobias Coe to the Assignee "British Telecommunications Public Limited Company" of London, England.
3. A second assignment and recordation cover sheet for the patent application identified above were filed with the USPTO on February 24, 2004 and recorded at Reel 015003, Frame 0646.
4. The assignment and cover sheet filed on February 24, 2004 erroneously identified the assignor as "Baker Hughes Incorporated" of Houston, Texas and erroneously identified the

assignee as “Westerngeco LLC.” of Houston, Texas. That is, the assignment and recordation cover sheet for the patent application identified above that were filed with the USPTO on February 24, 2004 and recorded at Reel 015003, Frame 0646, were submitted with erroneous information.

5. The true chain of title for the patent application or patent identified above is the following: assignment by inventor Tobias Coe to the Assignee “British Telecommunications Public Limited Company” of London, England – as evident from the assignment filed on October 21, 2001 and recorded at Reel 012271, Frame 0678.

6. The true chain of title for the patent application or patent identified above should not be considered altered by the incorrect assignment or name change (i.e., the erroneous assignment filed February 24, 2004), assignee has been, and continues to be, the owner of the application, or patent at issue.

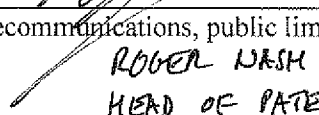

7. British Telecommunications Public Limited Company is the last correct assignee and has been, and continues to be, the owner of the patent application or patent at issue.

8. I confirm that I am authorized to act on behalf of assignee, British Telecommunications Public Limited Company.

9. I declare further that all statements made herein of our own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

The undersigned (whose title is indicated below) is authorized to act on behalf of British Telecommunications, public limited company.
