PATENT ASSIGNMENT

THIS AGREEMENT is made and entered into as of August 31, 2016 between JON S. ASH, a resident of Phoenix, Arizona, and IRONRIDGE, INC. ("Ironridge"), a California Corporation, having its principal place of business of business in Hayward, California (referred to as "Assignee").

This Agreement is based on the following premises and objectives:

- A. Assignor is the inventor of technology disclosed and claimed in the patent application listed on Exhibit A attached hereto,
- B. Assignee makes no representation regarding Assignor's contribution to the conception or reduction to practice of any invention or technology included the patent application of Exhibit A. Assignee nonetheless desires to acquire the entire and exclusive right, title and interest in the patent application listed on Exhibit A as well as any respective inventions disclosed and claimed therein, all hereinafter collectively referred to as the "Patent Rights;"
- C. Assignor likewise desires to assign all right title and interest in, to and under the Patent Rights to Assignee.

Assignor agrees as follows:

For good and valuable consideration through the Assignor's employment with Assignee, the receipt of which is hereby acknowledged by the Assignor, the Assignor hereby sells, assigns, and transfers to Assignee, its successors and assigns, the entire and exclusive right, title and interest in, to and under the Patent Rights, and all other patent rights that may be based thereon, including all foreign and domestic Letters Patent and applications for Letters Patent, and any renewals, divisions, reissues, continuations, continuations-in-part and extensions thereof, to be held and enjoyed by Assignee for its own use and enjoyment, and for the use and enjoyment of its successors and assigns, to the end of the term or terms for which such Letters Patent may be granted or reissued, as fully and entirely as the same would have been held and enjoyed by Assignor if this assignment and sale had not been made, together with all claims for damages by reason of past infringement of the Patent Rights, with the right to sue for and collect on such claims for its own use and enjoyment, and for the use and enjoyment of its successors and assigns.

Assignor has read each listed document on Exhibit A and hereby represent and each warrant that he has full legal right; power and authority to sell, assign and transfer the Patent Rights, and that there are no outstanding licenses or unrecorded rights in third parties to use the Patent Rights. The Assignor hereby agrees not to execute any agreement in conflict with this assignment and that any prior agreement between the Assignor and a third party is subordinate to this Agreement.

The Assignor agrees to execute and deliver all papers and take such other action, as may be necessary or desirable, to protect and perfect title to the Patent Rights in Assignee, its successors and assigns. The Assignor hereby authorizes and requests the Commissioner of Patents, or other proper

governmental authority, to issue to Assignee, its successors and assigns, all Letters Patent or other patent rights included within the Patent Rights or issuing there from.

The Assignor hereby agrees to communicate to Assignee any facts known that effect the Patent Rights, whenever requested, and will testify in any legal proceeding, sign all lawful papers, make all rightful oaths, and generally do everything reasonably necessary to aid Assignee, its successors and assigns, to obtain and enforce proper patent protection under the Patent Rights in all countries.

The Assignor agrees that: if any provision of this Agreement is held by a court of law to be illegal, invalid or unenforceable, the legality, validity and enforceability of the remaining provisions of the Agreement shall not be affected or impaired thereby; the waiver of a breach of any provision of this Agreement shall not operate or be construed as a waiver of any other or a subsequent breach; the provisions of this Agreement shall remain in effect and bind the heirs, successors, assignees, and legal representatives of the parties; this document represents the entire understanding of the parties and supercedes all previous understandings, written or oral; this Agreement may be amended or modified only with written consent; no oral waiver, amendment or modification shall be effective under any circumstances whatsoever; the terms of this Agreement are reasonable and that Assignor has the right to have this Agreement reviewed by anyone of Assignor's choosing, including an attorney.

IN WITNESS WHEREOF, Assignor has caused this Agreement to be signed on the date first written above.
