PATENT
REEL: 039617 FRAME: 0727

NOW THEREFORE, in consideration of the foregoing, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, each of the Assignors confirms having sold, assigned, transferred and set over unto the Assignee all right, title and interest, for all countries and regions throughout the world, in and to the following, and each of the Assignors does hereby sell, assign, transfer, and set over unto the Assignee all remaining right, title and interest, for all countries and regions throughout the world, in and to the following:

- (a) the Invention; the Patent Application; all patents and patent applications relating to the Invention including divisionals, continuations, continuations-in-part, international applications, national phase entry applications, renewals and reissues; all rights relating to the Invention and all patent applications and patents relating thereto arising under any intellectual property treaty including the Paris Convention for the Protection of Industrial Property and the Patent Cooperation Treaty; all rights of priority resulting from the filing of any of the foregoing; and all patents issuing on or from any of the foregoing; and
- (b) all right to recover damages, including royalties, for any past, present or future infringement of any patent application or patent identified in the preceding paragraph (a);

(collectively, the "Patent Rights").

As part of the foregoing:

Each of the Assignors will, at the Assignee's (or its successor's or assign's, as the case may be) request and expense, promptly (i) assist with, execute and deliver all applications, declarations, verifications, responses, submissions, assignments and further documents relating to any and all Inventions, (ii) take all lawful oaths and (iii) do all such things, as may be requested by the Assignee (or the Assignee's successor's or assign's, as the case may be) from time to time and at any time, to enable the Assignee or the Assignee's nominees to procure, perfect, enforce, defend and maintain any and all of the Patent Rights.

For greater certainty, each of the terms "including", "include" and "includes", when used in this assignment, is not limiting whether or not non-limiting language (such as "without limitation", "without limiting the foregoing", "but not limited to" or words of similar import) is used with reference thereto.
