ASSIGNMENT

The below named inventor is a joint inventor of the invention ("the Invention") which is the subject of a United States patent application ("the Application") entitled:

CARGO BED EXTENDER
Serial Number 14/668,358
Filed March 25, 2015

Pursuant to an agreement between the below named inventor and Deere & Company, a Delaware corporation having its principal office at Moline, Illinois, as well as other good and valuable consideration paid to the below named inventor, the below named inventor agrees to assign, and hereby does assign to Deere & Company the entire right, title and interest which said inventor has or may have to the Invention.

The assigned rights include all rights to file US and foreign patent applications for the Invention described in the name of the inventor, as well as any right of priority to any letters patent of the United States or any other country that may be granted for the Invention, and any continuations, divisions or extensions thereof. These assigned rights are to be held and enjoyed by Deere & Company, its successors or assigns, as fully and entirely as the same would have been held and enjoyed by the inventor had this assignment not been made.

The below named inventor agrees to execute all papers which Deere & Company, its successors or assigns deem expedient in connection with the Application and any continuing, divisional, reissue, reexamination or foreign applications concerning the Invention, and to cooperate with Deere & Company, its successors or assigns in every proper way possible to obtain patent(s) based on the Application and any continuing, divisional, reissue, reexamination or foreign applications concerning the Invention.

In witness whereof, the inventor has signed below:
