## GENERAL ASSIGNMENT AND ASSUMPTION

Pursuant to the terms and conditions of that certain Contribution Agreement, dated as of December 30, 2012 (the "Agreement"), by and between DePuy Spine, LLC, an Ohio limited liability company (the "Contributor"), and Hand Innovations LLC, a Delaware limited liability company (the "Recipient"), the Contributor, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, does hereby transfer, assign, convey, and deliver unto the Recipient, or, in the case of real property, at the direction of the Recipient, as of the date set forth above, the assets set forth on Schedule A (Step 17-4) attached hereto and all of the Contributor's rights, title and interest therein.

The Recipient covenants and agrees that as of the date set forth above, the Recipient hereby assumes the obligations and duties of the Contributor set forth on Schedule B (Step 17-4) attached hereto as required by the terms of the Agreement, and the Recipient shall be bound by the terms of the governing agreements, commitments and instruments that it is required to assume by the terms of the Agreement with the same force and effect as if such Recipient was an original party to such governing agreements, commitments and instruments.

*[Signature Page Follows]*

IN WITNESS WHEREOF, the parties hereto have executed this General Assignment and Assumption to be effective as of the date first above written.

DATED: December 30, 2012

**DEPUY SPINE, LLC**

By:   
Name: John F. Sharkey  
Title: Assistant Secretary

DATED: December 30, 2012

**HAND INNOVATIONS LLC**

By:   
Name: John F. Sharkey  
Title: Assistant Secretary

[SIGNATURE PAGE OF GENERAL ASSIGNMENT AND ASSUMPTION]

Schedule A (Step 17-4)

Contributed Assets

DePuy Spine, LLC

(a) Other than the Excluded Assets as provided in (o) below, all intellectual property owned by the Contributor on the Effective Date, including:

(i) all inventions (whether patentable or unpatentable and whether or not reduced to practice); all improvements to any inventions; and all patents, patent applications, patent disclosures, utility models, certificates of invention and industrial designs, together with all reissuances, continuations, continuations-in-part, divisionals, extensions, and reexaminations, and any patent or patent application that claims priority to any of the foregoing, including without limitation the properties listed in Schedule A-1 (Step 17-4);

[REDACTED]

[REDACTED]

(iv) all claims or rights of action arising out of or related to any infringement, misappropriation or other violation of the foregoing intellectual property listed in (a)(i) [REDACTED] including rights to recover damages for past, present and future violations thereof;

[REDACTED]

[REDACTED]

[REDACTED]

[REDACTED]

[REDACTED]

■ All intellectual property, manufacturing, and research and development assets owned by Synthes USA, LLC, a Delaware limited liability company (“Synthes USA”) (collectively, the “Synthes USA Assets”), and received by the Contributor pursuant to the terms and conditions of that certain Contribution Agreement (“Synthes USA Agreement”), effective as of December 30, 2012, by and between Synthes USA and the Contributor, including, without limitation, the assets listed in Schedule A-9 (17-4);

[REDACTED]

[REDACTED]

[REDACTED]

[REDACTED]

[REDACTED]

[REDACTED]

Schedule A-1 (Step 17-4)

DePuy Spine, LLC

[See Attached]

Schedule A-9 (Step 17-4)

Intellectual Property, Manufacturing and  
Research and Development Assets of Synthes USA, LLC

(a) Other than the Synthes USA Excluded Assets as provided in (e) below, all intellectual property owned by Synthes USA on December 30, 2012, and received by the Contributor pursuant to the Synthes USA Agreement, including:

(i) all inventions (whether patentable or unpatentable and whether or not reduced to practice); all improvements to any inventions; and all patents, patent applications, patent disclosures, utility models, certificates of invention and industrial designs, together with all reissuances, continuations, continuations-in-part, divisionals, extensions, and reexaminations, and any patent or patent application that claims priority to any of the foregoing, including without limitation the properties listed in Schedule A-9.1 (Step 17-4);

[REDACTED]

[REDACTED]

(iv) all claims or rights of action arising out of or related to any infringement, misappropriation or other violation of the foregoing intellectual property listed in (a)(i) [REDACTED] including rights to recover damages for past, present and future violations thereof;

[REDACTED]

[REDACTED]
