## ASSIGNMENT

WHEREAS, I, Brianna Petrone, of North Kingstown, RI, have made, with Jonas M. Winchell, Maureen H. Diaz, and Bernard J. Wolff, certain inventions as described and claimed in:

U.S. Provisional Patent Application No. 62/116,166, filed on February 13, 2015, entitled "METHODS AND COMPOSITIONS FOR ISOTHERMAL AMPLIFICATION AND DETECTION OF MYCOPLASMA PNEUMONIAE,"

which application is referred to as "the patent application."

WHEREAS, P3S Corporation, a corporation organized under the laws of the State of Texas, having a place of business at 6215 Via La Cantera, Suite 119, San Antonio, Texas 78256, desires to acquire an interest therein:

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, I, Brianna Petrone, hereby sell, assign and transfer to P3S Corporation, the entire right, title and interest in and to said invention, patent application and patent rights throughout the world, including foreign patent priority rights, the right to file and prosecute International Applications under the Patent Cooperation Treaty, and the right to file and prosecute applications under the European Patent Convention; said invention, patent application and letters patent in this or any foreign country, and all corresponding non-provisional applications, divisions, continuations, continuations-in-part, reissues and extensions thereof, to be held and enjoyed by P3S Corporation, for its own use and benefit, and for its successors and assigns to the full end of the term for which letters patent may be granted by the United States or any foreign country, as fully and entirely as the same would have been held by me had this assignment and sale not been made, and covenant that I have full right so to do, and agree that I will communicate to P3S Corporation, or its successors and assigns, any facts known to me respecting said invention, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuing and reissue applications, make all rightful oaths, and do everything possible to aid P3S Corporation, its successors and assigns to obtain and enforce proper patent protection for said invention in the United States or any foreign country.
