ASSIGNMENT

WHEREAS, Colin Quinn, Peter Pontano, and Jami Odell (hereinafter collectively referred to as the "Assignors"), having post office addresses of 735 Belmont PL E, Seattle, WA 98102; 8155 29th Ave SW, Seattle, WA 98126; and 9921 Arrowsmith Ave S, Seattle, WA 98118, respectively, either jointly or solely, are the inventors of the invention described in the following application:

United States design patent application entitled "LANTERN WITH EXTENDABLE ARM," US Application Serial No. 29/570,878, filed on July 12, 2016.

WHEREAS, Industrial Revolution, Inc. (the "Assignee"), a Washington corporation, having a place of business at 5835 Segale Park Drive C, Tukwila, WA 98188, is desirous of acquiring the entire right, title and interest in and to said invention, said application and in and to any letters patent that may be granted for said invention in the United States and in any and all foreign countries.

NOW, THEREFORE, in consideration of the recitals set forth above, which are incorporated herein by reference, and for other valuable consideration, the receipt and sufficiency of which are hereby acknowledged; Assignors hereby sell, quit claim, assign and transfer to Assignee, the entire right, title and interest, if any, in and to said invention, said application and any and all letters patent which may be granted for said invention or result from said application in the United States and its territorial possessions and throughout the world, and in and to any and all divisions, reissues, continuations, utility models or other applications or intellectual property rights of any type covering said invention or based upon or claiming priority on said application, together with all rights of Assignors associated therewith, including the right to file additional U.S. and foreign applications for said inventions directly in the name of Assignee and to claim priority rights deriving from said application by virtue of U.S. laws, international convention, treaty or otherwise, and to sue for and collect damages by reason of past infringement. Said invention, application, and all letters patent (including any other type of intellectual property registration or application) which may be granted for, or cover, said invention,

or be based upon or claim priority to, said application, are to be held and enjoyed by Assignee and its successors and assigns as fully and entirely as the same would have been held and enjoyed by Assignors had this assignment, transfer and sale not been made. Assignors hereby authorize and request the respective national, regional and international patent offices, or any other type of intellectual property office, to issue to Assignee all letters patent (including design registrations or any other type of intellectual property registration) which may be granted for said invention or result from said application. Assignors agree to execute all instruments and documents required for the making and prosecution of application for United States and foreign letters patent on said invention, for litigation regarding said letters patent, or for the purpose of protecting title to said invention or letters patent therefor.
