Assignment of Patent Rights

This Assignment of Patent Rights (the "Assignment") is executed, acknowledged and delivered by **VideolQ, Inc.**, a corporation organized and existing under the laws of the State of Delaware, in the United States of America, at the following address: 900 Middlesex Turnpike, Building No. 5, Billerica, Massachusetts 01821, U.S.A. ("Assignor"), in accordance with, and pursuant to the terms and conditions of the Bill of Sale, Assignment and Assumption Agreement dated December 31, 2014 (the "Agreement") between Assignor, as Seller, and **AVO USA Holding 2 Corporation**, a corporation organized and existing under the laws of the State of Delaware, in the United States of America, at the following address: 900 Middlesex Turnpike, Building No. 5, Billerica, Massachusetts 01821, U.S.A. ("Assignee"). Capitalized terms used herein and not expressly defined shall have the meaning ascribed to such terms in the Agreement.

NOW, THEREFORE, TO ALL WHOM IT MAY CONCERN:

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor agrees to and does hereby irrevocably sell, assign, transfer and convey unto said Assignee, and Assignee hereby accepts, all of Assignor's right, title, and interest:

(i) in and to (a) **Great Britain Patent Application No. GB1306332.6** filed on **September 6, 2011**, entitled "**Video System With Intelligent Visual Display**" (the "Patent Application"), (b) patents or patent applications (1) to which the Patent Application claims priority, (2) for which the Patent Application forms a basis for priority, (3) that were co-owned applications that incorporate by reference the Patent Application (excluding for this purpose mere prior art references that are not incorporated by reference) and/or (4) which are subject to a terminal disclaimer with the Patent Application; (c) reissues, reexaminations, extensions, continuations, continuations in part, continuing prosecution applications, requests for continuing examinations, divisions, and registrations of any item in the foregoing categories (a) and (b); (d) foreign patents, patent applications and counterparts relating to any item in any of the foregoing categories (a) through (c), including, without limitation, certificates of invention and utility models; and (e) any items in any of the foregoing categories (b) through (d) whether or not expressly listed as the Patent Application and whether or not claims in any of the foregoing have been rejected, withdrawn, cancelled, or the like (the Patent Application, together with the items listed in subsections (b) through (e), collectively, the "Assigned Patent Application"), the same to be held and enjoyed by said Assignee for its own use, and for the use of its successors, assigns, or other legal representatives to the end of the term or terms for which said Assigned Patent Application may be granted as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment had not been made;

(ii) in and to causes of action and enforcement rights for the Assigned Patent Application, including all rights to pursue damages, injunctive relief and other remedies for past and future infringement of the Assigned Patent Application; and

(iii) to apply in any and all countries for patents, certificates of invention or other governmental grants for the Assigned Patent Application. Assignor also hereby authorizes the respective patent office or governmental agency in each jurisdiction to issue any and all patents or certificates of

invention which may be granted upon the Assigned Patent Application in the name of Assignee, as the assignee to the entire interest therein.

Notwithstanding anything to the contrary herein, Assignor is executing and delivering this Assignment in accordance with and subject to all of the terms and provisions of the Agreement. In the event of any conflict between the terms of this Assignment and those of the Agreement, the terms of the Agreement will be controlling.

This Assignment will be binding upon and will inure to the benefit of the parties and their respective successors and assigns.

This Assignment will be governed by, and construed in accordance with, the laws of the United States in respect to patent issues and in all other respects by the laws of the State of Delaware, without giving effect to the conflict of laws rules thereof.

IN WITNESS WHEREOF, Assignor and Assignee have caused this Assignment to be executed by their duly authorized legal representatives:
