PATENT ASSIGNMENT

For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I, the undersigned, Mark S. Crouse, do hereby sell, assign, and transfer to: ValueCorp Pacific, Incorporated, a corporation of California, USA, having a place of business at 2852 Jean Lane, Westlake Village, California, 91361, USA ("Assignee"), its successors, assigns, and legal representatives, the entire right, title and interest in and to any and all inventions and improvements which are disclosed in the application for United States Letters Patent, which has been executed by the undersigned concurrently herewith, and in and to said application and all divisional, continuing, substitute, renewal, reissue, and all other applications for Letters Patent which have been or shall be filed in the United States and all foreign countries on any of said improvements; and in and to all original and reissued patents which have been or shall be issued in the United States and all foreign countries on said improvements; and in and to all rights of priority resulting from the filing of said United States application; and

Agree that said Assignee may apply for and receive Letters Patent for said improvements in its own name; and that, when requested, without charge to, but at the expense of, said Assignee, its successors, assigns and legal representatives, to carry out in good faith the intent and purpose of this Assignment, the undersigned will execute all new, divisional, continuing, substitute, renewal, reexamination and reissue applications, and all other patent applications on any and all said improvements; execute all rightful oaths, assignments, powers of attorney and other papers; communicate to said Assignee, its successors, assigns, and representatives, all facts known to the undersigned relating to said improvements and the history thereof, and generally do everything possible which said Assignee, its successors, assigns or representatives shall consider desirable for aiding in securing and maintaining proper patent protection for said improvements and for vesting title to said improvements and all applications to patents and all patents on said improvements, in said Assignee, its successors, assigns and legal representatives; and

Covenant with said Assignee, its successors, assigns and legal representatives that no assignment, grant mortgage, license, or other agreement affecting the rights and property herein conveyed has been made to others by the undersigned, and that full right to convey the same as herein expressed is possessed by the undersigned. Applicant hereby authorizes and requests the Director of the U.S. Patent and Trademark Office to issue said United States patent(s) to Assignee fully and entirely.

For the same consideration, Applicant hereby agrees to promptly communicate to the Assignee, or its assigns, full and complete information concerning the Inventions and agree to cooperate at any time upon request of said Assignee, or its assigns, at Applicants' expense, in the procurement of patent protection to cover the Invention, including the execution of new, divisional, continuing, reexamination and reissue applications. Applicant will make all rightful oaths, will testify in any proceedings in the United States Patent Office or in the courts, and generally will do everything lawfully possible to aid Assignee, its successors, assigns and nominees to obtain, enjoy and enforce their patent rights.
