ASSIGNMENT

THIS ASSIGNMENT, by John Hughes, residing at Rathfarnham Wood, Rathfarnham, Dublin 14, IRELAND and William Cirillo, residing at The Northumberlands, Love Lane, Dublin 2, IRELAND, (hereinafter referred to as "the Assignor", witnesseth:

WHEREAS, the Assignor has made certain new and useful inventions set forth in an International Application, ("the Application"), which is entitled A MONITORING DEVICE,

bearing Application No. PCT/IE2015/000002, and filed on 13 March 2015; and

WHEREAS, Carebay Europe Limited, a corporation duly organized under and pursuant to the laws of Malta and having a principal place of business at 57 Tigne Palace, Suite 3, Bisazza Street, Sliema SLM 1643, Malta (hereinafter referred to as "the Assignee"), is desirous of acquiring the entire right, title, and interest in and to the inventions; the entire right, title, and interest in and to the Application; the right to file applications on the inventions; and the entire right, title, and interest in and to any applications, including provisional and non-provisional applications patents, claiming the benefit of and/or priority to the Application, and in and to any patents to be obtained therefor and thereon.

NOW, THEREFORE, the Assignor has assigned, transferred, and set over, and by these presents does assign, transfer, and set over, unto the Assignee, its successors, legal representatives, and assigns the entire right, title, and interest in and to the above-mentioned inventions in all countries globally. These rights, titles, and interests include, but are not limited to: all rights to and privileges in the Application, related already-filed and yet-to-be-filed applications (including but not limited to utility applications, continuation applications, continuation-in-part applications, divisional applications, and reissue applications), and any and all patents that may be granted in all countries globally for said inventions; all rights of priority arising from the Application identified above; and all rights and privileges under any and all forms of protection, including Patents, that may be granted in countries globally for the inventions.

All of the above-mentioned rights, titles, and interests are to be held and enjoyed by the Assignee, for its own use and behalf and the use and behalf of its successors, legal representatives, and assigns, to the full end of the term or terms for which patents may be granted as fully and entirely as the same would have been held and enjoyed by the Assignors had this sale, assignment, transfer, and set over not been made;

AND for the same consideration, the Assignor authorizes the Assignee to make application for such protection in its own name and maintain such protection in any and all countries globally, and to invoke and claim for any application for patent or other form of protection for said inventions, without further authorization from the Assignors, any and all benefits, including the right of priority provided by any and all treaties, conventions, or agreements;

AND for the same consideration, the Assignor hereby consents that a copy of this Assignment shall be deemed a full legal and formal equivalent of any document which may be required in any country as proof of the right of the Assignee to apply for patent or other form of protection for said inventions and to claim the aforesaid benefit of the right of priority;

AND for the same consideration, the Assignor hereby covenants and agrees to and with the Assignee, its successors, legal representatives, and assigns that, when requested, the Assignor shall, without charge to the Assignee but at its expense, sign all papers, and do all acts which may be necessary or desirable in connection with the above-mentioned applications, patents, or other forms of protection.
