## **PATENT RIGHTS ASSIGNMENT**

Robert Howell, co-inventor of the patent assigned herein ("the Assignor") hereby enters into this Patent Assignment agreement ("the Agreement") with Samuel Morgan ("the Assignee");

WHEREAS, the Assignor is the co-owner of the entire right, title and interest to United States Patent No. 6,403,883 filed March 21, 2001 and titled COMBINATION PROTECTIVE COVERING AND INSERT AND LOCATOR FOR AN ELECTRICAL OUTLET BOX UTILIZED IN A WALL COVERING APPLICATION ("the Patent") and all other U.S. and foreign patents which may have or will be obtained in respect of the inventions set forth therein ("Inventions"); any applications for U.S. or foreign patents which may have been or will be filled in connection therewith; any corresponding applications for patents and patents therefor in all other areas of the world; and any improvements, modifications, reissues, extensions, substitutions, confirmations, divisions, continuations or continuation-in-parts of any of the foregoing, together with the right to bring suit and collect for past infringements thereof (collectively with the Patent and the Inventions referred to as the "Patent Rights"); and

WHEREAS, the Assignee wishes to acquire the Patent Rights.

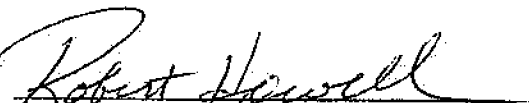

NOW, THEREFORE, in consideration good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Assignor does sell, assign and transfer unto Assignee, his successors and assigns, the full and exclusive right to the Patent and Patent Rights, together with all claims for damages by reason of past or future infringement, with the right to sue for and collect the same for the use and benefit of Assignee and their successors and assigns.

Assignor warrants that he has full power, authority, and capacity to make this Assignment to Assignee. Assignor covenants and agrees, for himself and for his successors and assigns that, at the Assignee's request, Assignor will cause to be executed and delivered any applications, affidavits, assignments, and other instruments as may be deemed necessary or desirable by Assignee to secure for or vest in Assignee, his successors or assigns, all right, title, and interest in and to any application, patent, or other right or property covered by this assignment, including the right to apply for and obtain patents in foreign countries under the provisions of the International Convention; and Assignor hereby requests and authorizes the United States Commissioner of Patents and Trademarks to issue any and all United States patents granted on the Patent to Assignee as owner of the entire right, title, and interest in and to the same, and authorizes appropriately empowered officials of foreign countries to issue any letters patent granted on the Patent to Assignee as owner of the entire right, title, and interest in and to the same.

This Assignment and all terms hereof shall be binding upon and inure to the benefit of the parties and their respective heirs, personal representatives, successors and assigns.

IN WITNESS WHEREOF, the Assignor has executed this Assignment this 6th day of September, 2016.
