ASSIGNMENT

WHEREAS, we, **Kevin Wells**, a citizen of the United States of America, residing at 635 Cameo Court, Christiansburg, Virginia 24073; and **David Ayares**, a citizen of the United States of America, residing at 300 Seminole Drive, Blacksburg, Virginia 24060, have invented certain inventions and improvements disclosed in an application for Letters Patent entitled "**Ungulates with Genetically Modified Immune Systems**," filed in the United States Patent and Trademark Office on April 26, 2007, and assigned U.S. Patent Application No. 11/789,961; and

WHEREAS, **Revivacor, Inc.**, a corporation of the State of Delaware, having a principal place of business at 1700 Kraft Drive, Suite 2400, Blacksburg, Virginia 24060, is desirous of acquiring an interest in the same.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which we hereby acknowledge, we, **Kevin Wells** and **David Ayares**, by these presents do sell, assign, and transfer to **Revivacor, Inc.**, the full, exclusive, and entire right, title, and interest in and to said application, in and to any divisions, continuations, reexaminations, and reissues thereof, and in and to all inventions and improvements disclosed and described in said application, preparatory to obtaining Letters Patent of the United States therefor; and we hereby request the Director of the U.S. Patent and Trademark Office to issue any and all Letters Patent of the United States resulting from said application, or from a division, continuation, reexamination, or reissue thereof, to **Revivacor, Inc.** as the assignee, for its interest and for the sole use and benefit of **Revivacor, Inc.** and its assigns and legal representatives;

For the same consideration, we, by these presents, do sell, assign, and transfer to **Revivacor, Inc.** the full, exclusive, and entire right, title, and interest in and to any foreign application or applications corresponding to said application, in whole or in part, in countries other than the United States, in and to any Letters Patent and similar protective rights granted on said foreign applications, and in and to the right to claim any applicable priority rights arising from or required for said foreign applications under the terms of any applicable conventions,
