EXHIBIT B.1

ASSIGNMENT OF PATENTS

This Assignment of Patents ("Assignment") is made and entered into on this 21 day of August 2014, by and between:

- A. AT&T Intellectual Property I, L.P., a partnership organized and existing under the laws of the State of Nevada, with a place of business at 645 E. Plumb Lane, Reno, Nevada 89502 ("Assignor"); and
- B. Marlow Technologies, LLC with registered office c/o Corporation Service Company, 2711 Centerville Road, Suite 400, City of Wilmington, County of New Castle, Delaware 19801 ("Assignee").

WHEREAS, Assignor has agreed to assign and transfer to Assignee all right, title and interest in and to the Assigned Patents (as defined below);

NOW, THEREFORE, in light of good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor, intending to be legally bound, and upon the terms set forth herein, agrees as follows:

1. Assignor hereby irrevocably assigns, sells, transfers and sets over to Assignee all right, title and interest in, to and under (i) the patents and patent applications set forth on Attachment A attached hereto, including: all rights pursuant to 35 U.S.C. § 154; (ii) all patents and patent applications to which any of the patents and patent applications set forth in Attachment A claim priority directly and/or form a basis for any claim to priority; (iii) any and all continuing, divisional and continuation-in-part applications; (iv) any requests for continuing examination, substitutions, reissues, extensions, renewals and reexaminations of any of the foregoing; (v) any and all foreign patents, patent applications and counterparts; (vi) all rights to apply in any country for any foreign counterpart, certification of invention or other governmental grant or issuance corresponding to any of the foregoing throughout the world; and (vii) invention disclosures and discoveries relating to the patents and patent applications described above or any inventions described or disclosed in any of the patents and patent applications described above (collectively, the "Assigned Patents"), including any and all past, present and future causes of action and other enforcement actions (including, without limitation, for injunctive remedies and relief) and rights to damages and profits, due or accrued, relating to any of the foregoing, including the right to sue and recover for, and the right to profits and damages, due or accrued, arising out of or in connection with, any and all past, present or future infringements or dilutions. The assignment of the Assigned Patents includes all documents related to the conception, diligence and reduction to practice of the inventions disclosed in the Assigned Patents and all domestic and international patent filing documents.
2. Assignor hereby authorizes and requests the Director of the U.S. Patent and Trademark Office and any official of any other country whose duty it is to issue patents on the applications included in the Assigned Patents, to issue all Letters Patent for the inventions disclosed therein to Assignee, its successors and assigns.
3. The terms and conditions of this Assignment will inure to the benefit of Assignee, its successors, assigns and other legal representatives and will be binding upon Assignor, its successors, assigns and other legal representatives.

IN WITNESS WHEREOF, Assignor has caused this Assignment of Patents to be executed by its duly authorized representative on the date set forth below.
