## PATENT ASSIGNMENT

WHEREAS, NWP, Inc., a Wisconsin corporation ("Assignor"), is the owner of the patents and patent applications set forth on the attached Schedule A; and

WHEREAS, Assignor has agreed to contribute to PolySub Inc., a Wisconsin corporation ("Assignee"), and Assignee has agreed to accept from Assignor, the above referenced patents and patent applications pursuant to a Contribution and Subscription Agreement between Assignor and Assignee dated as of December 31, 2015 (the "Contribution Agreement").

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby contributes, assigns, and transfers to Assignee, its successors and assigns, effective as of December 31, 2015, Assignor's entire right, title and interest in and to the above-referenced patents and patent applications and inventions covered thereby and improvements thereto, any and all continuations, divisions, continuations-in-part, extensions, or reissues thereof, any patents or patent applications claiming priority to one of the above-referenced patents and patent applications, together with all rights, interests and obligations running toward or granted to Assignor under any previously executed assignment agreements between the inventor of each invention embodied in the above-referenced patents and patent applications and Assignor, and together with any and all claims and demands Assignor may have, at law or in equity, whether presently known, unknown, accrued or to accrue, arising out of past or present infringements of the claims of such patents, patent applications, and invention disclosures, including the right to recover all claims for damages and compensation. Such right, title and interest shall be held and enjoyed by Assignee, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by Assignor if this assignment had not been made.

Assignor further hereby contributes, and assigns to Assignee effective as of December 31, 2015, all worldwide rights to all inventions embodied in the above-referenced patents and patent applications in all patent granting countries of the world, including the right to file applications or to obtain patents for said inventions in its own name in said countries, together with all of Assignor's rights of priority. Assignor hereby authorizes and requests any official, whose duty it is to issue in any country a patent or patents on said inventions or improvements, to issue patent or patents to Assignee or its nominees, successors, or assigns.
