REEL: 040025 FRAME: 0053

CONFIRMATORY AGREEMENT

NOW THEREFORE for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the undersigned (the "**Assignor**") and 1908249 Ontario Inc. (the "**Assignee**" and, together with the Assignor, the "**Parties**"), as of the date identified below, confirm and agree as follows:

1. The Assignee is the exclusive first owner (or first assignee where the Assignor is an independent contractor of the Assignee) of all of the rights, title, and interests throughout the world in and to the invention(s) and design(s) created, conceived, developed, and/or put into practice by the Assignor as described in **U.S. App. No. 29/564,990, entitled "SENSOR," filed May 17, 2016** (the "**Invention**"), and to any and all applications for patents and/or industrial designs arising therefrom, to any and all patents and/or industrial designs issuing from such applications, and to any and all patents and industrial designs and applications which are continuations, continuations-in-part, reissues, divisionals, and/or re-examinations derived from or claiming priority to any of the foregoing patents and industrial designs and applications (collectively, the "**Patent Rights**").
2. The Parties had entered into one or more agreements assigning the Invention and/or Patent Rights, but inadvertently specifying "Sensassure" as the name of the assignee / owner in error rather than "1908249 Ontario Inc." Notwithstanding any such agreements and error(s): (a) it has always been the Parties' intention to specify "1908249 Ontario Inc." as the name of the owner/assignee in such agreements; and (b) it has always been the Parties intention since the effective date of such agreements for the Assignee to be the exclusive first owner (or first assignee where the Assignor is an independent contractor of the Assignee) of all of the rights, title, and interests throughout the world in and to the Invention and the Patent Rights.
3. The Parties hereby replace all references to "Sensassure" with "1908249 Ontario Inc." in any and all agreements between the Parties assigning the Invention and/or Patent Rights.
4. The Assignor shall do all things and execute all documents as requested by the Assignee, at no cost to Assignee, to give effect to this confirmatory agreement. This confirmatory agreement: may be assigned by the Assignee but not the Assignor; is binding on the Parties and their successors, heirs and permitted assigns; and may be executed and delivered electronically in counterparts, each of which is deemed to be an original.

IN WITNESS WHEREOF, the Parties have executed this confirmatory agreement as of the 8 day of September, 2016.

ASSIGNMENT

WHEREAS We, the below named inventors, [hereinafter referred to as Assignors], have made an invention entitled:

SENSOR

for which We executed an application for United States Letters Patent filed in the U.S. Patent and Trademark Office ("USPTO") concurrently herewith, and/or being identified in the USPTO by Application No. **29/564,990**, filed **May 17, 2016**; and

1908249 Ontario Inc. TA Sept 5 2016

WHEREAS, ~~Sensasure~~, a corporation of Canada whose post office address is Sensasure c/o Digital Media Zone, 10 Dundas St. E., Suite 600, Toronto, Ontario M5B 2G9, Canada (hereinafter referred to as Assignee), is desirous of securing the entire right, title, and interest in and to this invention in all countries throughout the world, and in and to the application for United States Letters Patent on this invention and the Letters Patent to be issued upon this application or any application claiming priority to this application;

NOW THEREFORE, be it known that, for good and valuable consideration, the receipt of which from Assignee is hereby acknowledged, We, as Assignors, have sold, assigned, transferred, and set over, and do hereby sell, assign, transfer, and set over unto the Assignee, its lawful successors and assigns, our entire right, title, and interest in and to this invention, this application, and all non-provisional applications, and all divisions, and continuations thereof, and all Letters Patent of the United States which may be granted thereon, and all reissues thereof, and all rights to claim priority on the basis of the above application, and all applications for Letters Patent which may hereafter be filed for this invention in any foreign country and all Letters Patent which may be granted on this invention in any foreign country, and all extensions, renewals, and reissues thereof; and We hereby authorize and request the Commissioner of Patents and Trademarks of the United States and any official of any foreign country whose duty it is to issue patents on applications as described above, to issue all Letters Patent for this invention to Assignee, its successors and assigns, in accordance with the terms of this Assignment;

AND, WE HEREBY covenant that We have the full right to convey the interest assigned by this Assignment, and We have not executed and will not execute any agreement in conflict with this Assignment;

AND, WE HEREBY further covenant and agree that We will, without further consideration, communicate with Assignee, its successors and assigns, any facts known to us respecting this invention, and testify in any legal proceeding, sign all lawful papers when called upon to do so, execute and deliver any and all papers that may be necessary or desirable to perfect the title to this invention in said Assignee, its successors or assigns, execute all non-provisional, divisional, continuation, and reissue applications, make all rightful oaths and generally do everything possible to aid Assignee, its successors and assigns, to obtain and enforce proper patent protection for this invention in the United States and any foreign country, it being understood that any expense incident to the execution of such papers shall be borne by the Assignee, its successors and assigns.
