Whereas, I, Michael Foster (referred to herein as "assignor") am the inventor of a certain invention entitled:
Vessel Boarding and Disembarking Apparatus

Whereas, a provisional patent application disclosing said invention was filed in the United States Patent and Trademark Office filed on October 23, 2015 under application no. 62/245,304;

Whereas, the provisional patent application is assigned to The Foster Bar, LLC., an Oregon limited liability company (referred to as herein as "assignee") and whose address is 19041 Couch Market Road, Bend, Oregon 97701;

Whereas, being filed herewith a non-provisional United States patent application claiming priority from the above-referenced provisional application;

Whereas, The Foster Bar, LLC desires and is entitled to acquire my entire right, title and interest in the same;

Now, Therefore, for good and valuable consideration, the receipt of which is hereby acknowledged, I the assignor hereby sell, assign and transfer to the assignee, the full and exclusive right, title and interest in and to said invention and patent rights throughout the world, including the provisional application and related US non-provisional applications, foreign patent priority rights and international applications under the Patent Cooperation Treaty, and the right to file and prosecute applications under the European Patent Convention; said invention, applications and letters patent in this or any foreign country, and all divisions, continuations, reissues and extensions thereof, to be held and enjoyed by assignee for its own use and benefit, and for its successors and assigns to the full end of the term for which letters patent may be granted in this or any foreign country, as fully and entirely as the same would have been held by me had this assignment and sale not been made, and covenant that I have full right so to do, and agree that I will communicate to assignee, or its successors and assigns, any facts known to me respecting said invention, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuing and reissue applications, make all rightful oaths, and do everything possible to aid assignee, its successors and assigns to obtain and enforce proper patent protection for said invention in this or any foreign country.

Dated: October 13, 2016
