## ASSIGNMENT

For good and valuable consideration, receipt of which is hereby acknowledged, Questerra LLC ("Questerra") hereby sells, assigns, and transfers to The Paradigm Alliance, Inc. ("Paradigm"), its lawful successors and assigns, Questerra's entire right, title, and interest in and to the patents and applications listed in Exhibit 1 hereto (collectively, the "Patents") and all patents of the United States that may be granted thereon, and all continuations, divisionals, reissues, reexaminations, and extensions thereof; and all rights to claim priority on the basis of such applications that are part of the Patents, and all applications for patents that may be filed for the subject matter disclosed in the Patents in any foreign country and all patents that may be granted for such subject matter in any foreign country, and all extensions, renewals, and reissues thereof.

Questerra hereby authorizes and requests the Commissioner of Patents and Trademarks of the United States and any official of any foreign country whose duty it is to issue patents on applications as described above, to issue all patents for such subject matter to Paradigm, its successors and assigns, in accordance with the terms of this Assignment.

IN WITNESS WHEREOF, the parties hereto have executed this Assignment as of the day and year written below.
