ASSIGNMENT

WHEREAS I, the below named inventor (hereinafter referred to as Assignor), have made an invention entitled:

RSV-SPECIFIC BINDING MOLECULES AND MEANS FOR PROTECTING THEM

for which a U.S. patent application, U.S. Serial No. 12/000,000 was filed based on International Patent Application No. PCT/NL2006/050323, filed on May 30, 2006;

AND WHEREAS, Academisch Medisch Centrum bij de Universiteit van Amsterdam, a legal entity, by virtue of article 1.18, paragraph 2 of the Dutch 'Wet op het hoger onderwijs en wetenschappelijk onderzoek' (Higher Education and Academic Research Act) existing under the laws of The Netherlands, having its registered office in Amsterdam, The Netherlands, and its principal place of business at Meibergdreef 9, 1105 AZ Amsterdam, The Netherlands (hereinafter referred to as Assignee), is desirous of securing the entire right, title and interest in and to this invention in all countries throughout the world, and in and to the application for United States Letters Patent on this invention until the Letters Patent is issued upon this application;

NOW, THEREFORE, do I know that, for good and valuable consideration the receipt of which from assignor, is hereby acknowledged, I, as assignor, have sold, assigned, transferred, and let over, and do hereby sell, assign, transfer, and let over unto the assignee, its lawful successors and assigns, my entire right, title and interest in and to this invention and this application, and all divisions, and continuations thereof, and all Letters Patent of the United States which may be granted thereon, and all renewals thereof, and all rights to claim priority on the basis of such application, and all applications for Letters Patent which may hereafter be filed for this invention in any foreign country and all Letters Patent which may be granted on this invention in any foreign country, and all extensions, renewals and continuations thereof, and I hereby authorize and request the Commissioner of Patents and Trademarks of the United States and any official of any foreign country whose duty it is to issue patents on applications as described above, to issue all Letters Patent for this invention to assignee, its successors and assigns, in accordance with the terms of this Assignment;

AND, I HEREBY covenant that I have the full right to convey the interest assigned by this Assignment, and I have not executed and will not execute any agreement in conflict with this Assignment;

AND I HEREBY further covenant and agree that I will, without further consideration, communicate with assignee, its successors and assigns, any facts known to me respecting this invention, and testify in any legal proceedings, sign all lawful papers when called upon to do so, execute and deliver any and all papers that may be necessary or desirable to perfect the title to this invention in said assignee, its successors or assigns, execute all divisional, continuation, and revision applications, make all rightful claims and generally do everything possible to aid assignee, its successors and assigns, to obtain and enforce proper patent protection for this invention in the United States and any foreign country, it being understood that any expense incident to the execution of such papers shall be borne by assignee, its successors and assigns.
