## ASSIGNMENT

WHEREAS, Rufus Armor, LLC, a Delaware limited liability company, having a place of business at P.O. Box 46013 Los Angeles, California ("Assignor"), is the owner by assignment of the U.S. patent applications, listed in Appendix A, attached hereto, and it owns the entire right, title and interest in and to the inventions disclosed and claimed in the applications listed in Appendix A.

WHEREAS, Rufus Labs, Inc., a Delaware corporation having a place of business at 160 Greentree Dr. Ste. 101, Dover, Delaware ("Assignee"), desires to acquire by formal, recordable assignment the entire right, title and interest in and to the inventions, the applications, and any Letters Patent that might be granted for the inventions in the United States and throughout the world, as disclosed and claimed in the applications listed in Appendix A.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby sells, assigns and transfers to Assignee the entire right, title and interest in and to the inventions, the applications, and any Letters Patent that might be granted for the inventions in the United States and throughout the world, including the right to file foreign applications directly in the name of Assignee and to claim for any such foreign applications any priority rights to which such applications are entitled under international conventions, treaties or otherwise.

Further, Assignor agrees that, upon request and without further compensation, but at no expense to Assignor, he and his legal representatives and other assigns will perform all lawful acts, including the execution of papers and the giving of testimony, that might be necessary or desirable for issuing, sustaining, reissuing or enforcing Letters Patent in the United States and throughout the world for the invention, and for perfecting, recording or maintaining

the title of Assignee, its successors and assigns, to the inventions, the applications, and any Letters Patent granted for the invention in the United States and throughout the world.

Assignor represents and warrants that he has not granted and will not grant to others any rights inconsistent with the rights granted by this Assignment.

Assignor authorizes and requests the Commissioner of Patents and Trademarks for the United States and of all foreign countries to issue any Letters Patent granted for the invention, whether on the application or any subsequently filed division, continuation, continuation-in-part or reissue application, to Assignee, its successors and assigns, as the assignee of the entire interest of the inventions.

IN WITNESS WHEREOF, Assignor has executed this assignment.
