ASSIGNMENT
NON-PROVISIONAL APPLICATION FOR ALL COUNTRIES

This Patent Assignment (the "Assignment") is entered into by and between Gamblit Gaming, LLC, a Delaware limited liability company (the "Assignee"), and Dwight Kim, an individual, (the "Assignor").

WHEREAS, the Assignor, having a place of residence at 5770 West Centinela Avenue #411, Los Angeles, California 90045, is the owner of the entire right, title and interest, for all countries, in and to certain inventions relating to INVERTED MECHANIC INTERLEAVED WAGERING SYSTEM, and described in U.S. Patent Application Number 14/666,284, March 23, 2015, and in and to said application and all national stage applications, divisions, renewals, continuations, and continuations-in-part thereof, and any and all patents which may be granted thereon, and all reissues and extensions thereof; and

WHEREAS, the Assignee, having a place of business at 700 N. Central Avenue, Suite 700, Glendale, California USA, its successors, assigns and legal representatives, is desirous of obtaining the entire right, title and interest in, to and under such patent applications, and such invention.

NOW, THEREFORE, it is mutually agreed as follows:

1. In consideration for the sum of ONE US DOLLAR (US \$1.00) now paid to the Assignor by the Assignee and for other valuable consideration, the receipt and adequacy of which are hereby acknowledged, Assignor hereby sells, assigns, transfers and conveys unto Assignee, its successors, assigns and legal representatives, the entire right, title and interest, for all countries, in and to certain inventions relating to INVERTED MECHANIC INTERLEAVED WAGERING SYSTEM, and described in U.S. Patent Application Number 14/666,284, March 23, 2015, and in and to said application and all national stage applications, divisions, renewals, continuations, and continuations-in-part thereof, and all patents which may be granted thereon, and all reissues and extensions thereof, and Assignor hereby authorizes and requests that all patents upon the inventions issue to the Assignee or such nominees as Assignee may designate; and
2. Assignor authorizes and empowers the Assignee, its successors, assigns and legal representatives, or nominees to invoke and claim for any application for patent or other form of protection for the inventions the benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any

convention which may henceforth be substituted for it, and to invoke and claim such right of priority without further written or oral authorization from Assignor; and

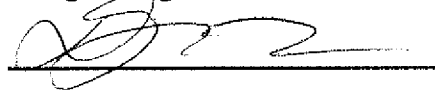

3. Assignor hereby consents that a copy of this Assignment shall be deemed a full legal and formal equivalent of any assignment, consent to file, or like document which may be required for any purpose and more particularly in proof of the right of the Assignee, its successors, assigns and legal representatives, or nominees to claim the aforesaid benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it; and
4. Assignor hereby covenants that Assignor has the full right to convey the entire right, title and interest herein assigned and Assignor has not executed and will not execute any agreement in conflict herewith; and
5. Assignor hereby covenants and agrees that Assignor will communicate to the Assignee, its successors, assigns and legal representatives, or nominees all facts known to Assignor pertaining to the inventions, and testify in all legal proceedings, sign all lawful papers, execute all divisional, continuation, continuation-in-part, reissue applications and foreign counterparts, make all rightful oaths and declarations and in general perform all lawful acts necessary or proper to aid the Assignee, its successors, assigns and legal representatives, or nominees in obtaining, maintaining and enforcing all legal patent protection for the inventions; and
6. Assignee hereby acknowledges receipt of the entire right, title and interest in and to the aforementioned patents and patent applications.
