ASSIGNMENT

We, and I, have made certain inventions or discoveries (or both) set forth in an application for Letters Patent of the United States of America, Serial No.: to be assigned, entitled:

APPARATUS AND METHOD FOR ASSISTING MONITORING OF MEDICATION ADHERENCE

and

AI Cure Technologies LLC, whose address is 59 Fox Den Road, Mount Kisco, NY 10549, and which, together with its successors and assigns is hereinafter called "Assignee", is desirous of acquiring the title, rights, benefits and privileges hereinafter recited, and of confirming the same or any part thereof heretofore acquired by Assignee.

Now, therefore, for valuable consideration furnished by Assignee to us, receipt and sufficiency of which we hereby acknowledge, we hereby, without reservation:

1. Assign and convey to and confirm in Assignee the entire right, title and interest in and to said inventions and discoveries, said application for Letters Patent of the United States of America, any and all other applications for Letters Patent on said inventions and discoveries in whatsoever countries, including all divisional, renewal, substitute, continuation and Convention applications based in whole or in part upon said inventions or discoveries or upon said applications, and any and all Letters Patent and reissues and extensions of Letters Patent granted for said inventions and discoveries upon said applications, and every priority right that is or may be predicted upon or arise from said inventions, said discoveries, said applications and said Letters Patent;

2. Authorize Assignee to file patent applications in any or all countries on any or all of said inventions and discoveries in our names or in the name of Assignee or otherwise as Assignee may deem advisable, under the International Convention or otherwise;

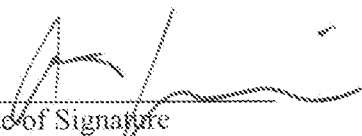

3. Authorize and request the Commissioner of Patents of the United States of America and the empowered officials of all other governments to issue or transfer all said Letters

Patent to Assignee, as assignee of the entire right, title and interest therein or otherwise as Assignee may direct;

4. Warrant that we have not knowingly conveyed to others any right in said inventions, discoveries, applications or patents or any license to use the same or to make, use or sell anything embodying or utilizing any of said inventions or discoveries; and that we have good right to assign the same to Assignee without encumbrance;

5. Bind our heirs and legal representatives, as well as ourselves to do, upon Assignee's request and at its expense, but without additional consideration to us or them, all acts reasonably serving to assure that the said inventions and discoveries, the said patent applications and the said Letters Patent shall be held and enjoyed by Assignee as fully and entirely as the same could have been held and enjoyed by us or our heirs or representatives if this assignment had not been made; and particularly to execute and deliver to Assignee all lawful application documents including petitions, specifications, and oaths, and all assignments, disclaimers, and lawful affidavits in form and substance as may be requested by Assignee; to communicate to Assignee all facts known to us relating to said inventions and discoveries or the history thereof; and to furnish Assignee with any and all documents, photographs, models, samples and other physical exhibits in our control or in the control of our heirs or legal representatives and which may be useful for establishing the facts of our conceptions, disclosures, and reduction to practice of said inventions and discoveries.

In testimony of which we have affixed our signatures.

Patent. Assignee is holder of all other rights in and to the invention and has hereby directed

4. That we have not knowingly asserted or others any right in said invention, design, or trademark or any portion thereof or in any other right in or to anything constituting or forming part of said invention and that we have good right to assign the same to Assignee without encumbrance.

5. That our prior and legal representatives, as well as ourselves in the past, Assignee, Assignee and its agents, has advised Assignee in writing that it was reasonably aware in 1999 that the said invention and discovery, the said process, applications and the said trademark shall be and are owned by Assignee as fully and wholly as the same could have been then and now owned by us or our heirs or assigns and as the Assignee had not been aware and particularly as it was and is known to Assignee all legal applications, documents including patents, applications and in its and all documents, disclosures and confidential information in form and substance as may be requested by Assignee to conform to Assignee's policies and procedures relating to and the material elements of the matter herein, and to furnish Assignee with any and all documents, photographs, records, samples and other physical evidence in our control or in the control of our heirs or legal representatives and which may be needed for establishing the facts of our invention, discovery and trademark as patent and trademark and otherwise.

In testimony whereof we have hereunto signed
