ASSIGNMENT

WHEREAS I/We, the below named inventor(s) (hereinafter referred to as Assignor(s)) have made an invention entitled:

ORGANIC COMPOUNDS

for which I/We filed a patent application as International Application No. PCT/US2015/010901 on January 9, 2015, which claims priority to U.S. Provisional Application No. 61/925,608 filed January 9, 2014; and

WHEREAS, Intra-Cellular Therapies, Inc., a corporation of Delaware, whose post office address is 430 East 29th Street, Suite 900, New York, NY 10016 USA (hereinafter referred to as Assignee), is desirous of securing the entire right, title, and interest in and to this invention in all countries throughout the world, and in and to the applications for Letters Patent on this invention and the Letters Patents to be issued on this invention;

NOW THEREFORE, be it known that, for good and valuable consideration the receipt of which from Assignee is hereby acknowledged, I/We, as Assignor(s), have sold, assigned, transferred, and set over, and do hereby sell, assign, transfer, and set over unto the Assignee, its lawful successors and assigns, my/our entire right, title, and interest in and to this invention, International Application No. PCT/US2015/010901, and this application, and all applications and patents that claim priority therefrom and common priority therewith, including all divisions, continuations, continuations-in-part, substitutions, registrations, and renewals thereof, and all Letters Patent which may be granted thereon, and all reissues, reexaminations, extensions, and Supplementary Protection Certificates or the like thereof, and all rights to claim priority in any country on the basis of International Application No. PCT/US2015/010901, as well as all rights to claim priority on the basis of this application in any country, and all applications for Letters Patent which may hereafter be filed for this invention in any country and all Letters Patent which may be granted on this invention in any country, and all divisions, continuations, continuations-in-part, substitutions, registrations, renewals, reissues, reexaminations, extensions, and Supplementary Protection Certificates or the like thereof; and I/We hereby authorize and request the Commissioner of Patents and Trademarks of the United States and any official of any foreign country whose duty it is to issue patents on applications as described above, to issue all Letters Patent for this invention to Assignee, its successors and assigns, in accordance with the terms of this Assignment;

AND, I/WE HEREBY covenant that I/We have the full right to convey the interest assigned by this Assignment, and I/We have not executed and will not execute any agreement in conflict with this Assignment;

AND, I/WE HEREBY further covenant and agree that I/We will, without further consideration, communicate with Assignee, its successors and assigns, any facts known to me/us respecting this invention, and testify in any legal proceeding, sign all lawful papers when called upon to do so, execute and deliver any and all papers that may be necessary or desirable to perfect the title to this invention in said Assignee, its successors or assigns, execute all divisional, continuation, and reissue applications, make all rightful oaths and generally do everything

possible to aid Assignee, its successors and assigns, to obtain and enforce proper patent protection for this invention in the United States and any foreign country, it being understood that any expense incident to the execution of such papers shall be borne by the Assignee, its successors and assigns.

IN TESTIMONY WHEREOF, I/We have hereunto set our hands.
