ASSIGNMENT OF PATENT

WHEREAS, **GN RESOUND A/S**, a corporation, having its principal place of business at **Lautrupbjerg 7, Ballerup, DK-2750, Denmark** (hereinafter referred to as "ASSIGNOR"), has full legal ownership, right, title, and interest in U.S. Patent No. **7,965,851** (hereinafter referred to as "PATENT"), and

WHEREAS, **GN OTOMETRICS A/S**, a corporation, having its principal place of business at **Hoerskaetten 9 , Taastrup, DK-2630, Denmark** (hereinafter referred to as "ASSIGNEE"), is desirous of acquiring the full and exclusive ownership, right, title and interest in, to and under said PATENT and in, to and under any patents (including U.S. Patent No. 8,983,084) and patent applications that claim or will claim priority to said PATENT in the United States of America and its territorial possessions.

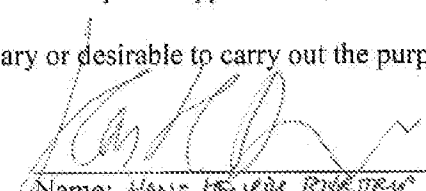

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, ASSIGNOR hereby sells, assigns, transfers and sets over unto the said ASSIGNEE, its successors and assigns, the full and exclusive right, title and interest to said PATENT and to all related patents and related patent applications claiming priority from the PATENT, (that exist now and in the future), including U.S. Patent No. 8,983,084, in the United States and its territorial possessions, including any continuation, division, continuation-in-part, renewal, substitute, or reissue thereof, or any legal equivalent thereof in the United States for the full term or terms for which the same may be granted, and ASSIGNOR hereby authorizes and requests the United States Commissioner of Patents and Trademarks, whose duty it is to issue patents or any legal equivalent thereof, to record this assignment for the benefit of the ASSIGNEE, its successors and assigns, in accordance with this Assignment.

ASSIGNOR hereby covenants that no assignment, sale, agreement or encumbrance has been or will be made or entered into which would conflict with this Agreement. None of the foregoing shall preclude the ASSIGNOR from filing patent applications claiming priority to the PATENT (or any patent applications related the PATENT) and maintaining full and exclusive ownership, right, title, and interest in, to and under such patent applications.

ASSIGNOR further covenants that ASSIGNEE will, upon its request, be provided promptly with all pertinent facts and documents relating to said PATENT, as may be known and accessible to ASSIGNOR and will testify as to the same in any proceeding or litigation related thereto, and will promptly execute and deliver to ASSIGNEE or its legal representative any and all papers, instruments or affidavits required to apply for, obtain, maintain, issue and enforce, and make any necessary correction for, said PATENT and all related patents and patent applications, and to apply for, obtain, maintain, issue, and enforce all related patent applications, in the United States or in any foreign country, which may be necessary or desirable to carry out the purposes thereof.
