ASSIGNMENT

WHEREAS, CHARLES BRADLEY COVINGTON, a citizen of the United States, residing at Batesville, Arkansas, and WARREN RUSSELL LONG, a citizen of the United States, residing at Batesville, Arkansas, (hereinafter called ASSIGNORS), have invented certain new and useful improvements in LAWNMOWER FRONT AXLE, which they have made application for Letters Patent of the United States, the said application having Serial No. 29/578,382:

WHEREAS, ASSIGNORS, the said inventors, are now the exclusive owners of said application, the invention described and claimed therein, and all rights in, to and under the same; and:

WHEREAS, BAD BOY, INC., an Arkansas Corporation doing business at 102 Industrial Drive, Batesville, Arkansas 72501 (hereinafter referred to as ASSIGNEE), is desirous of acquiring the entire right, title and interest in and to the aforementioned invention, application and in, to and under any and all Letters Patent of the United States and in any and all foreign countries thereof.

NOW, THEREFORE, this indenture witnesseth that for and in consideration of the sum of Two Dollars (\$2.00) and other good and valuable consideration, the receipt of which is hereby acknowledged, ASSIGNORS, the said inventors, have sold, assigned, transferred and set over and do hereby sell, assign, transfer and set over to the said ASSIGNEE, the said invention and application, and any and all divisions and continuations thereof, and any and all Letters Patent of the United States, its territorial possessions, and any and all foreign countries which may be granted therefor, and any and all reissues, extensions or certificates of reexamination of said Letters Patent, including the right of priority and the subject matter of any and all claims which

may be obtained in every such patent, the same to be held and enjoyed by the said ASSIGNEE for its own use and behoof, and for the use and behoof of its successors, assigns, or other legal representatives, to the end of the term or terms for which said Letters Patent of the United States, territories and foreign countries are or may be granted, reissued, extended, or reexamined as fully and entirely as same would have been held and enjoyed by ASSIGNORS, if this assignment and sale had not been made.

AND, ASSIGNORS hereby authorize and request the Commissioner of Patents to issue any and all Letters Patent of the United States on said invention, or resulting from said application, and from any and all divisions and continuations, reissues, extensions, or reexaminations thereof to the said ASSIGNEE, of the entire interest, and hereby covenants that they have full right to convey the entire interest therein assigned, and that they have not executed and will not execute any agreement in conflict therewith.

AND, ASSIGNORS further hereby covenant and agree that they will, at any time, upon request, at the expense of said ASSIGNEE, execute and deliver any and all papers that may be necessary or desirable to perfect the title to said invention, and to said Letters Patent as may be granted therefor, in said ASSIGNEE, its successors, assigns, or other legal representatives, and that if said ASSIGNEE, its successors, assigns, or other legal representatives shall desire to file any divisional or continuation application, or to secure a reissue, extension or certificate of reexamination of such Letters Patent, or to file a disclaimer relating thereto, will, upon request, sign all papers, make all rightful oaths, and do all acts requisite for the filing of such divisional or continuing application, or such application for reissue or request for reexamination and procuring thereof, and for the filing of such disclaimers, without further compensation, but at the expense of said ASSIGNEE, its successors or other legal representatives.
