**ASSIGNMENT**

**WHEREAS** We, the below named inventors

**Peter Lukin, Robert F. Beisel, Christopher Thompson,  
Marvin Ryou, and James Wright**

hereinafter referred to as the "Assignors" have made an invention set forth in:

U.S. Application Serial No. **15/150,397**, filed on May 9, 2016, and entitled: **SYSTEMS, DEVICES, AND METHODS FOR FORMING ANASTOMOSES**; and

International PCT Application Serial No. **PCT/US2016/031547**, filed on May 9, 2016, and entitled: **SYSTEMS, DEVICES, AND METHODS FOR FORMING ANASTOMOSES**.

**WHEREAS, G.I. WINDOWS, INC.**, whose post office address is 375 West Street, West Bridgewater, MA 02379 (the "Assignee"), is desirous of acquiring the entire right, title, and interest in: the invention(s); the applications for patent identified above; the right to file applications for patent of the United States or other countries on the invention(s); any application for patent of the United States or other countries claiming priority to these applications; any provisional or other right to recover damages, including royalties, for prior infringements of these applications; and any patent of the United States or other countries that may be granted therefor or thereon.

**NOW, THEREFORE**, for good and valuable consideration, the receipt of which from Assignee is hereby acknowledged, which is hereby acknowledged, and to the extent that the Assignors have not done so already via a prior agreement with the Assignee, or if the Assignors have already done so via a prior agreement with the Assignee then in confirmation of any obligation to do so in said prior agreement, the Assignors have sold, assigned, transferred, and set over, and by these presents do sell, assign, transfer, and set over, unto the Assignee, its successors, legal representatives, and assigns, the Assignors' entire right, title, and interest in:

(a) the applications for patent identified above and all the invention(s) disclosed in said applications;

(b) any and all inventions and improvements disclosed in said applications for patent identified above, together with all pending applications and all provisional applications, divisional applications, continuation applications, continued prosecution applications, continuation-in-part applications, substitute applications, renewal applications, reissue applications, reexaminations, extensions, and all other patent applications that have been or shall be filed in the United States or other countries on any of said inventions or improvements, or claiming priority to or relying on the disclosure of said application for patent identified above;

(c) the right to file applications for patent of the United States or other countries on the invention(s) and improvements, including all rights under the Paris Convention for the Protection of Industrial Property and under the Patent Cooperation Treaty;

(d) any application(s) for patent of the United States or other countries claiming the invention(s) and improvements;

(e) any patent(s) of the United States or other countries that may be granted for or on any application for patent identified in the preceding paragraphs (a) - (d), including any reissue(s) and extension(s) of said patent(s).

(f) all rights of priority resulting from the on any application for patent identified in the preceding paragraphs (a) - (d);

(g) any provisional or other right to recover damages, including royalties, for prior infringements of any application for patent identified in the preceding paragraphs (a)-(d); and

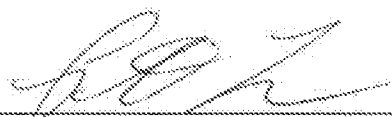

(h) any patent rights, any patent, copyright, trade secret, and any other proprietary rights related thereto, and all designs, improvements, modifications, enhancements, works or ideas related thereto, whether or not protectable as intellectual property, on any application for patent identified in the preceding paragraphs (a) - (d).

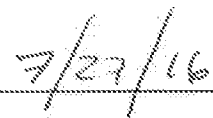

The above-granted rights, titles, and interests are to be held and enjoyed by the Assignee, for its own use and behalf and the use and behalf of its successors, legal representatives, and assigns, as fully and entirely as the same would have been held and enjoyed by the Assignors had this sale and/or assignment not been made.

The Assignors hereby represent to the Assignee, its successors, legal representatives, and assigns, that, at the time of execution and delivery of these presents, or if applicable, at such time said prior agreement was executed, the Assignors are the lawful owner of an undivided interest in the entire right, title, and interest in and to the invention(s), that the invention(s) are unencumbered, except, if applicable, by obligation to assign in accordance with said prior agreement, and that the Assignors have good and full right and lawful authority to sell and convey the same in the manner set forth herein.

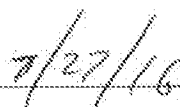

The Assignors hereby covenant and agrees to and with the Assignee, its successors, legal representatives, and assigns, that the Assignors will sign all papers and documents, take all lawful oaths, and do all acts necessary or required to be done in connection with any and all proceedings for the procurement, maintenance, enforcement and defense of the invention(s), said applications, and said patents, including interference proceedings, without charge to the Assignee, its successors, legal representatives, and assigns, but at the cost and expense of the Assignee, its successors, legal representatives, and assigns.

The Assignors hereby request the Commissioner of Patents to issue said patents of the United States to the Assignee for the sole use and behalf of the Assignee, its successors, legal representatives, and assigns.
