ASSIGNMENT OF INVENTION AND PATENT RIGHTS

The Assignor Danny Miller (the "Assignor"), a U.S. citizen and a Washington resident, has co-invented an invention entitled "Roof-Top Package Unit Energy Saver" [the parties acknowledge that the actual title may change] and is hereby assigning it and any patent rights emanating therefrom to his employer Performance Heating and Air Conditioning, Inc., (the "Assignee") a Washington corporation, having a principal place of business in Kent, Washington, and of which is desirous in obtaining the entire ownership rights Assignor has in the invention and any patent rights emanating therefrom.

In consideration for the sum of \$10.00 and other good and valuable consideration, the sufficiency of which is hereby acknowledged, the Assignor hereby assigns his entire right, title, and interest in the above-referenced invention, and any patent rights emanating therefrom, including any divisional, continuation, continuation-in-part, substitution, reissue, reexamination, and foreign patent applications, and patents that issue from same to the Assignee; and Assignor hereby requests that the U.S. Director of Patents and Trademarks issue any U.S. patent directly to the Assignee.

Assignor also agrees that this Assignment includes Assignor's Priority Rights under the International Convention with respect to any and all corresponding foreign applications that may or shall be filed in any country that is a signatory thereto and a member of the union there defined within the Convention period.

Assignor warrants that no assignment, sale, agreement or encumbrance has been or will be made or entered into that would conflict with this Assignment.

Assignor further agrees that it will, upon request by Assignee, but at Assignee's expense, promptly provide Assignee with all pertinent facts and documents relating to the Invention, and any and all patent applications or patents, both foreign and domestic, as may be known and accessible to the Assignor; and that Assignor will testify to same in any interference, opposition, or litigation related thereto, and will promptly execute and deliver to Assignee or its legal representative any and all papers, instruments, affidavits and/or declarations required to apply for, obtain, maintain, and enforce said application or patent, both foreign and domestic.

SIGNED at Seattle, King County, Washington on 4-30-09.
