ASSIGNMENT

Whereas We, **Daniel G. Chase, Darren Jay Wennen, and Kristian Dior Gamble**, with residences and citizenships as indicated below; have made an invention in

ADJUSTABLE COMPRESSION GARMENT

Filed: October 5, 2016
Filed: October 5, 2016

U.S. Application Serial No.: 15/286,378
PCT Application Serial No.: PCT/US/2016/055575

and executed an application for Letters Patent of the United States of America based thereon and as described in the above-identified patent application filed under the Patent Cooperation Treaty.

Now, therefore, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, we have individually and jointly agreed to assign and transfer and do hereby assign and transfer unto **TACTILE SYSTEMS TECHNOLOGY, INC.** ("Company"), a corporation of **Delaware**, having its principal office at **1331 Tyler Street NE – Suite 200, Minneapolis, Minnesota 55413**, its successors and assigns, the entire right, title, and interest in and to said invention and application, and in and to any division or continuation (in whole or in part) of said application, and in and to any and all improvements in said invention made by us or any of us or made jointly with others (provided any such improvement is made during, or within one year after the termination of, the employment by the Company of whichever of us, solely or jointly with one or more others, has made the same), and in and to any and all Letters Patent, reexaminations, reissues, or extensions thereof, of the United States of America and countries foreign thereto (including the right to apply for Letters Patent, Utility Models, or Inventors' Certificates in foreign countries in its own name and to claim any priority rights for such foreign applications to which such applications are entitled under international conventions, treaties, or otherwise), which have been or may be granted thereon or on any divisional, continuation (in whole or in part), renewal, reexamination, reissue, or other or further application based in whole or in part upon said invention or improvements thereon, to be held and enjoyed as fully and exclusively as they would have been by us or any of us had this assignment and transfer not been made;

We do further agree for ourselves and for our heirs, executors, and administrators, to execute and deliver without further consideration any further applications, assignments, and documents, and to perform such other acts as we lawfully may, that may be deemed necessary by the Company, its successors, assigns, and nominees, fully to secure its right, title, and interest as aforesaid and to obtain or maintain Letters Patent, Utility Models, or Inventors' Certificates in any and all countries;

And we do hereby authorize and request the Commissioner of Patents to issue any and all Letters Patent that may be granted upon any of said applications, to **TACTILE SYSTEMS TECHNOLOGY, INC.** as the assignee of the entire right, title, and interest therein.
