ASSIGNMENT OF INVENTION

WHEREAS, WE, Joseph W. Fields of 520 Cooper Lake Road, Oneida, TN 37841; Brian Lee Maxwell of 258 Murphy Subdivision Road, Stearns, KY 42647; Anthony R. Hines of 3841 Beech Grove Road, Science Hill, KY 42553; and Steven C. Chitwood of 96 Chitwood Ridge, Whitley City, KY 42653 have invented a certain invention entitled:

MODULAR PLATFORM

which is the subject of United States patent application 15/041,735.

WHEREAS, Outdoor Venture Corporation, a Kentucky corporation having a principal place of business in Stearns, Kentucky hereinafter referred to as Assignee, has acquired the entire domestic and foreign right, title, and interest in and to such invention(s) and any corresponding patent applications and resultant patents.

NOW, THEREFORE, for good and valuable considerations, the receipt and sufficiency of which are hereby acknowledged, we do hereby confirm Assignee's ownership of the invention and do hereby assign and transfer to the Assignee and the Assignee's legal representatives, successors and assigns the full and exclusive rights in and to the invention(s) in the U.S. and every foreign country and the entire right, title, and interest in and to any corresponding patent applications and other such applications (e.g., provisional applications, non-provisional applications, continuations, continuations-in-part, divisionals, reissues, reexaminations, National phase applications, including petty patent applications, and utility model applications) that may be filed in the United States and every foreign country on the invention(s), and the patents, extensions, or derivations thereof, both foreign and domestic, that may issue thereon, and we do hereby authorize and request the Commissioner of Patents to issue U.S. patents to the above-mentioned Assignee agreeably with the terms of this assignment document.

UPON SAID CONSIDERATION, we convey to the Assignee the right to make application in its own behalf for protection of the invention in the U.S. and countries foreign to the U.S. and to claim under the Patent Cooperation Treaty, the International Convention and/or other international arrangement for any such application the date of the U.S. application (or any other application on the invention) to gain priority with respect to other applications.

WE DO HEREBY COVENANT and agree with the Assignee that we will not execute any writing or do any act whatsoever conflicting with the terms of this assignment document set forth herein, and that we will at any time upon request, without further or additional consideration, but at the expense of the Assignee, execute such additional assignments and other writings and do such additional acts as the Assignee may deem necessary or desirable to perfect the Assignee's enjoyment of this assignment, and render all necessary assistance in making application for and obtaining original, continuation, continuation-in-part, divisional,

reissued, reexamined, and National phase patents of the U.S. or of any and all foreign countries on the invention, and in enforcing any rights or choses in action accruing as a result of such applications or patents, and by executing statements and other affidavits, it being understood that the foregoing covenant and agreement shall bind, and inure to the benefit of, the assigns and legal representatives of all parties hereto.
