PATENT ASSIGNMENT

THIS PATENT ASSIGNMENT is made and entered into effective October 14, 2016, by Michael E. Miller, an individual, having an address of FLORISSANT CLUB LAWS
ASTORVILLE GA 30501 and Darin L. Chancellor, an individual, having an address of 17870 Hwy 154 Danville AL 36003 (the "Assignors") in favor of Cooling & Applied Technology, Inc., having its principal place of business at 201 S. Erie Avenue, Russellville, Arkansas 72801 (the "Assignee").

WHEREAS, Assignors are the owner of an invention (the "Invention") relating to certain and useful improvements which are the subject of U.S. Patent Application 14/356,961, filed on May 8, 2014, entitled "Combined Impingement / Plate Freezer" (the "Application");

WHEREAS, Assignee is desirous of acquiring an interest in, to and under the Invention, the Application and any and all Letters Patent which may be granted for or upon the Invention in the United States of America and all countries foreign thereto.

NOW, THEREFORE, for one dollar and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignors have agreed to and do hereby sell, assign, and transfer unto the Assignee the entire right, title and interest in and throughout the United States of America (including its territories and dependencies) and all countries foreign thereto, in, to, and under the following:

- (a) The Invention as fully set forth and described in the Application;
- (b) The Application;
- (c) Any and all refilings, divisions, and continuations of the Application;
- (d) Any and all Letters Patent of the United States of America that may issue from the Application or refilings, divisions, and continuations of the Application;
- (e) Any and all reissues of the Letters Patent of the United States of America;
- (f) Any and all applications for Letters Patent on the Invention that may hereafter be filed in any and all countries foreign to the United States of America, together with all rights to file and to claim priority in connection with foreign-filed applications;
- (g) Any and all refilings, divisions, and continuations of the foreign-filed applications;
- (h) Any and all Letters Patent of countries foreign to the United States of America that may issue from the foreign-filed applications, refilings, divisions, and continuations; and

ALL of the above shall be held and enjoyed by the Assignee, their successors and assigns, as fully and entirely as the same would have been held and enjoyed by Assignors had no sale and assignment of said interest been made:

AND Assignors hereby authorize and request the Commissioner of Patents of the United States of America to issue any and all United States patent which may be granted upon the aforesaid United States application or any of them, or upon the Invention or any part thereof, to the Assignee.

And Assignors, their successors and assigns, hereby agree to execute without further consideration any further lawful documents and any further assurances, and any divisional, continuing, reissue, or other applications for patents of any country, that may be deemed necessary by the Assignee fully to secure to the Assignee their interest as aforesaid in and to the Invention or any part thereof, and in and to said several patents or any of them;

And Assignors hereby covenant and agree with the Assignee, their successors and assigns, that Assignors have granted no right or license to make, use, or sell the Invention, to anyone except the Assignee, that prior to the execution of this assignment, Assignors' right, title and interest in the Invention has not been otherwise encumbered, and that Assignors have not executed and will not execute any instrument in conflict herewith.
