PATENT ASSIGNMENT

For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, ASE Optics, Inc., a New York corporation (hereinafter "**Assignor**"), confirms that it has sold, transferred and assigned, and by these presents does hereby sell, transfer and assign to ASE Acquisition, LLC, a New York limited liability company (hereinafter "**Assignee**"), its entire right, title, and interest in and to all of the patents and/or patent applications (hereinafter "**Patents**") identified in the Schedule attached to and forming a part of this Assignment and with all rights of protection throughout the world, including but not limited to any reissues, extensions and applications which are continuations, continuations-in-part, substitutes, divisions, or renewals. Assignor hereby further sells, assigns, transfers, and sets over unto Assignee, Assignor's entire right, title, and interest in and to the aforesaid Patents in the United States and each and every country foreign to the United States; and Assignor further conveys to Assignee all priority rights resulting from the Patents, and all causes of action for infringement arising prior to and after the date of this Assignment.

Assignor covenants that it has the full right and power to convey the entire interest herein assigned, and that it has not executed and shall not hereafter execute any document in conflict with this assignment.

Assignor agrees that upon request of the Assignee, or its successors, assigns or other legal representatives, Assignor or its successors, assigns or other legal representatives shall do all other legal acts reasonably necessary to carry out the intent of this Assignment at the Assignor's expense, as well as provide such other material, information, or assistance as Assignee or its successors, assigns or other legal representatives may consider necessary with respect to the Patents; including but not limited to causing any party under the Assignor's control to execute such documents and do all other legal acts reasonably necessary to carry out the intent of this Assignment. In furtherance thereof, Assignor hereby irrevocably designates and appoints Assignee, its successors, assigns, and its and their duly authorized officers and agents, as agents and attorneys-in-fact to act for and on behalf and instead of Assignor, to execute and file any such documents and to do all other lawfully permitted acts to further the above purposes with the same legal force and effect as if executed by Assignor.
