ASSIGNMENT

This Assignment is made

BETWEEN:

Ewgenij GAWRILOW, a German citizen residing at Kurfürstenstr. 37, 12105 Berlin, Germany

(the "Inventor");

AND:

TomTom Development Germany GmbH, a German corporation of Inselstraße 22, D-04103 Leipzig, Germany (hereinafter "TT Development");

AND:

TomTom International B.V., a Dutch corporation of De Ruijterkade 154, 1011 AC Amsterdam, Netherlands (hereinafter "TT International").

WHEREAS, the Inventor, during the course of his employment with TT Development, has invented:

RECONSTRUCTING ROUTES USING ELECTRONIC MAP DATA

Docket ID No. 1073/PCT

and in respect of which have been filed:

United Kingdom Patent Application No. 1404040.6 on 7 March 2014;

International (PCT) Patent Application No. PCT/EP2015/054782 on 6 March 2015.

WHEREAS, pursuant to a Contract Research and Development Agreement having an effective date of 1 October 2006 between TT International and TomTom Work GmbH, which was renamed as of 30 June 2008 to TT Development, the entire rights, title and interest pertaining to any intellectual property resulting from any activities performed by TT Development are solely owned by TT International.

WHEREAS, TT International is desirous of acquiring all right, title, and interest in and to the invention(s) as set forth in the above listed applications and the applications themselves.

NOW, THEREFORE, for good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, the Inventors and TT Development confirm any prior assignment to TT International and the right of TT International to file the aforementioned applications, and to the extent that the Inventors and/or TT Development, as appropriate, have not already done so, hereby assign and transfer unto TT International and its successors in interest, the full and exclusive right, title and interest in any country of the world, including the right to claim priority under the laws of the United States, the Paris Convention, and any foreign countries, to the invention(s) as described in the aforementioned applications, to the applications themselves, and all divisions, continuations, continuations-in-part, national phase applications or other applications claiming priority directly or indirectly from the aforementioned applications, and any patents, registered designs, utility models, or other similar rights which may be granted thereon, including reissues, reexaminations and extensions thereof, and all copyright and unregistered design rights throughout the world in the applications and the subject matter disclosed therein, these rights, title and interest to be held and enjoyed by TT International to the full end of the term for which the patents, utility models, registered designs or other similar rights, are granted and any extensions thereof as fully and entirely as the same would have been held by the Inventors and/or TT Development, as appropriate, had this assignment not been made, and the right to sue for, and recover for past, present and future infringements of, or liabilities for, any of the rights relating to any of the applications, patents, registered designs, utility models, or other similar rights, resulting therefrom, and the copyright rights;

the Inventors and/or TT Development, as appropriate, hereby covenant and agree to execute all instruments or documents required or requested for the making and prosecution of any applications of any type for patent, utility model, registered design or other similar rights, and for copyright, in any country of the world including, but not limited to, any provisional, continuation, continuation-in-part, divisional, renewal or substitute thereof, and as to letters patent any reissue, re-examination, or extension thereof, and for litigation regarding, or for the purpose of protecting title in and to the invention(s), the applications and patents in respect thereof, and to testify in support thereof, for the benefit of TT International without further or other compensation than that above set forth.
