ASSIGNMENT

WHEREAS, GFS Technology, Inc., existing under the laws of the state of Delaware, having its principal office at 15221 N. Clubgate Dr., Unit 1066, Scottsdale, AZ 85254, ("the Assignor"), is the assignee of a certain new and useful invention and discovery entitled "METHODS, SYSTEMS, AND MEDIA FOR MEASURING QUALITY OF GESTURE-BASED PASSWORDS" ("the Invention") for which a patent application was filed with the United States Patent and Trademark Office on 12/23/2013 as U.S. Patent Application Number 14/139,459 ("the Application") and for which United States Patent No. 9,069,948 issued on 6/26/2015 ("the Patent").

WHEREAS, iSign International Inc., existing under the laws of the state of Texas, having its principle office at 9227 24th Ct. SE Suite 8, Lacey, WA 98513, which together with its successors and assigns (collectively "the Assignee") is desirous of acquiring the title, rights, benefits, and privileges hereinafter recited.

For valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor hereby assigns to Assignee all of Assignor's rights, titles, and interests in and to the Invention, all improvements therein, the Application and all priority rights arising therefrom, the Patent, and any applications and/or patents, and any reissues and extensions thereof, which issue in any country upon any patent applications which correspond with any of the following: the Application; any application that claims priority from the Application (including utility applications, divisionals, continuations, continuations-in-part, international applications, and/or foreign regional and/or national applications); any application from which the Application claims priority (including provisional applications, non-provisional applications, international applications, foreign regional applications, and/or foreign national applications); or any application based in whole or in part on any of the foregoing.

Assignor agrees that such Assignor and Assignor's heirs and legal representatives will, without further consideration, cooperate with Assignee in the prosecution of all of the above applications, execute, verify, acknowledge and deliver all such further papers, including applications for patents and for reissues and extensions therefor, and instruments of assignment and transfer thereof, and will communicate any facts known to Assignor relating to the Invention, to obtain or maintain or enforce patents for the Invention and improvements therein in any and all countries and to vest title thereto in Assignee. Assignor further agrees that such Assignor will, without further compensation to Assignor during the term of such Assignor's employment by Assignee and thereafter for reasonable compensation as determined by Assignee, perform such other acts as may be reasonably required when requested by Assignee, including attending depositions, preparing and executing declarations and affidavits and testifying as a witness, to obtain or maintain or enforce patents for the Invention and improvements therein in any and all countries and to vest title thereto in Assignee.
