ASSIGNMENT

I, **Todd Bracher**, with a business address of 63 Flushing Avenue, Building 275, Suite 403, Brooklyn, NY 11205, have made certain designs, inventions or discoveries (or both), as set forth in an application for Letters Patent of the United States of America entitled:

**PANEL MEMBER**

which application is identified by Barley Snyder File Number 800072-907 and United States Application Number 29/528,360 filed on May 28, 2015 (the "Application"),

**Todd Bracher Studio, LLC**, a New York limited liability Company with a business address of 63 Flushing Avenue, Building 275, Suite 403, Brooklyn, NY 11205 (together with its successors and assigns hereinafter called "**Assignee**"), is desirous of acquiring the title, rights, benefits and privileges hereinafter recited, and of confirming the same or any part thereof heretofore acquired by Assignee.

Now, therefore, for valuable consideration furnished by Assignee to us, receipt and sufficiency of which we hereby acknowledge, I hereby, without reservation:

1. Assigns and conveys to and confirms in Assignee, the entire right, title and interest in and to said designs, inventions and discoveries, said Application for Letters Patent of the United States of America, any and all other applications for Letters Patent on said inventions and discoveries in whatsoever countries, including all divisional, renewal, substitute, continuation and Convention applications based in whole or in part upon said inventions or discoveries in said Application, and any and all Letters Patent and reissues and extensions of Letters Patent granted for said inventions and discoveries or upon said applications, and every priority right that is or may be predicated upon or arise from said inventions, said discoveries, said applications and said Letters Patent;
2. Authorize Assignee to file patent applications in any or all countries on any or all of said inventions and discoveries in Todd Bracher's name as inventor, or in the name of Assignee or otherwise as Assignee may deem advisable, under the International Convention or otherwise;
3. Authorize and request the Commissioner of Patents of the United States of America and the empowered officials of all other governments to issue or transfer all said Letters Patent to Assignee, as assignee of the entire right, title and interest therein or otherwise as Assignee may direct;
4. Warrant that we have not knowingly conveyed to others any right in said designs, inventions, discoveries, applications or patents or any license to use the same or to make, use or sell anything embodying or utilizing any of said designs, inventions or discoveries; and that we have good right to assign the same to Assignee without encumbrance;

5. Bind Todd Bracher and his heirs and legal representatives, as well Todd Bracher Studio, LLC, and any successor, to do, upon Assignee's request and at its sole expense, but without additional consideration to me/us or them, all acts reasonably serving to assure that the said designs, inventions and discoveries, said patent applications and the said Letters Patent shall be held and enjoyed by Assignee as fully and entirely as the same could have been held and enjoyed by TBS, their heirs or successors, if this assignment had not been made; and particularly to execute and deliver to Assignee all lawful application documents including petitions, specifications, and oaths, and all assignments, disclaimers, and lawful affidavits in form and substance as may be requested by Assignee, at Assignee's sole expense; to communicate to Assignee all facts known to me relating to said inventions and discoveries or the history thereof; and to furnish Assignee with any and all documents, photographs, models, samples and other physical exhibits in their control or in the control of their heirs or legal representatives and which may be useful for establishing the facts of my conceptions, disclosures, and reduction to practice of said inventions and discoveries.

The effective date of this instrument is

9/16/16 *Filin*

In testimony whereof I have affixed my signature.
