CALIBRATION DEVICE FOR USE WITH MEASUREMENT INSTRUMENTS

for which an application for Letters Patent of the United States has been filed on
under Application No. , claiming priority to U.S. Provisional Application No. 62/262,300, filed
December 2, 2015.

WHEREAS Anritsu Company (hereinafter termed "Assignee"), a corporation of the State of
California, having a place of business at 490 Jarvis Drive, Morgan Hill, State of California, 95037, wishes to
acquire the entire right, title and interest in and to said application(s) and the invention disclosed therein, and in
and to all embodiments of the invention, heretofore conceived, made or discovered jointly or severally by said
Inventors (all collectively hereinafter termed "said invention"), and in and to any and all patent applications,
patents, certificates of invention and other forms of protection thereon (hereinafter termed "patents") applied
for or granted in the United States and/or other countries.

NOW THEREFORE, for good and valuable consideration acknowledged by each of said Inventors to
have been received in full from said Assignee:

1. Said Inventors do hereby sell, assign, transfer and convey unto said Assignee, the entire right,
title and interest (a) in and to said application(s) and said invention; (b) in and to all rights to apply in any and
all countries of the world for patent applications, patents, certificates of inventions or other governmental
grants on said invention, including the right to apply for patents pursuant to the International Convention for
the Protection of Industrial Property or pursuant to any other convention, treaty, agreement or understanding;
(c) in and to any and all applications filed and any and all patents, certificates of inventions or other
governmental grants granted on said invention in the United States or any other country, including each and
every application filed and each and every patent granted on any application which is a division, substitution,
or continuation of any of said applications; (d) in and to each and every reissue or extension of any of said
patents; and (e) in and to each and every patent claim resulting from a reexamination certificate for any and all
of said patents.

2. Said Inventors hereby jointly and severally covenant and agree to cooperate with said Assignee
to enable said Assignee to enjoy to the fullest extent the right, title and interest herein conveyed in the United
States and other countries. Such cooperation by said Inventors shall include prompt production of pertinent
facts and documents, giving of testimony, executing of petitions, oaths, specifications, declarations or other
papers, and other assistance all to the extent deemed necessary or desirable by said Assignee (a) for perfecting
in said Assignee the right, title and interest herein conveyed; (b) for complying with any duty of disclosure; (c)
for prosecuting any of said applications; (d) for filing and prosecuting provisional, utility, substitute, divisional,
continuing or additional applications covering said invention; (e) for filing and prosecuting applications for

reissue of any of said patents; (f) for interference or other priority proceedings involving said invention; and (g) for legal proceedings involving said invention and any applications therefor and any patents granted thereon, including without limitation opposition proceedings, cancellation proceedings, priority contests, public use proceedings, reexamination proceedings, compulsory licensing proceedings, infringement actions, invalidity actions, and court actions; provided, however, that the expense incurred by said Inventors in providing such cooperation shall be paid for by said Assignee.

3. The terms and covenants of this Assignment shall inure to the benefit of said Assignee, its successors, assigns and other legal representatives, and shall be binding upon said Inventors, their respective heirs, legal representatives and assigns.

4. Said Inventors hereby jointly and severally warrant and represent that they have not entered and will not enter into any assignment, contract, or understanding in conflict herewith.
