ASSIGNMENT OF APPLICATIONS & PATENTS Application Number 29587271 Application Number Filing Date: 12-DEC-2016 Filing Date: Patent Number: Patent Number:	Docket Number: Chase
---	----------------------

Whereas, we, Robert N. Chase of San Rafael, California and Kenneth M. Blier of Chesire, CT, hereafter collectively referred to as "assigning co-inventors" have invented certain new and useful improvements described in the invention entitled "**Needle Counter**" for which a patent application(s) were filed, or will be filed with the United States Patent and Trademark Office having the application number(s) shown above, and subsequently having further patent application numbers shown above and patent number(s) shown above, with such numbers, applications, patents added to this Assignment after we the assigning co-inventors have signed this Assignment;

Whereas, NEWGEN SURGICAL, INC. herein referred to as "assignee" having a mailing address of 41 Simms Street, Suite B, San Rafael, CA 94901, is desirous of acquiring the entire right, title, and interest in said invention and all related patent applications, including the above referenced application(s) and any future patent applications related to said invention and issued patents, including by not limited to all international patent applications and PCT applications.

Now, therefore, for good and valuable consideration, the receipt of which is hereby acknowledged, we, the assigning co-inventors by these presents do sell, assign and transfer unto said assignee the full and exclusive right to the said invention in the United States and all other countries, and the entire rights, title and interest in and to any patent applications, future patent applications and all patents which may be granted therefore in the United States or any country. This Assignment may be executed in counter parts. Notary Seals or other forms of authentication may be attached to this Assignment.

Executed this 8 day of December, 2016,

at San Rafael, Ca.
