Assignment of Patent Rights

ASSIGNMENT

WHEREAS, Conagen, Inc., of 1005 North Warson Road, St. Louis, Missouri 63132, a corporation duly organized and existing under and virtue of the laws of the State of Missouri (hereinafter referred to as Assignor), is a sole, joint, or potential owner of the right, title, and interest in and to certain applications for letters patent and the inventions disclosed therein; and

WHEREAS, Conagen, Inc., of 15 DeAngelo Drive, Bedford, Massachusetts 01730, a corporation duly organized and existing under and virtue of the laws of the State of Massachusetts (hereinafter referred to as Assignee), is desirous of acquiring all of Assignor's right, title, and interest in and to said certain applications for letters patent and the inventions disclosed therein;

NOW, THEREFORE, Assignor has agreed to and does hereby assign and transfer unto Assignee, its successors and assigns, all of Assignor's right, title, and interest in and through the United States of America (including its territories and dependencies) and all countries foreign thereto, in and to said invention, said applications, any other United States applications, (including provisional, non-provisional, divisional, continuing or reissue applications) based in whole or in part on said applications or in whole or in part on said invention, any foreign applications based in whole or in part on any of the aforesaid applications or in whole or in part on said invention, and any and all patents (including extensions thereof) of any country which have been or may be granted on any of the aforesaid applications or on said invention or any part thereof; including specifically, without limiting the generality of the foregoing, the applications listed below.

TO BE HELD AND ENJOYED BY Assignee, its successors and assigns, to the ends of the respective full terms for which said patents have been or may be granted, as fully and entirely as the same would have been held and enjoyed by Assignor had this sale and assignment not been made.

AND Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks of the United States of America to issue any and all United States patents which may be granted upon said applications to Assignee, its successors and assigns.

AND Assignor hereby agrees to execute without further consideration any further lawful documents and any further assurances, and any provisional, non-provisional, divisional, continuing, reissue, or other applications for patents of any country, that may be deemed necessary by said Assignee, its successors or assigns, fully to secure its interest as aforesaid in and to said invention or any part thereof, and in and to said patent application or any of them, and in and to said several patents or any of them.

AND Assignor covenants that Assignor has granted no right or license to make, use or sell said invention to anyone except said Assignee, that prior to the execution of this deed Assignor's right, title, and interest in said invention has not been otherwise encumbered, and that Assignor has not executed and will not execute any instrument in conflict herewith.
