ASSIGNMENT

For valuable consideration, we, Joseph A. Beisel, of Duncan, OK, Lawrence A. Herndon, of Duncan, OK, hereby assign to Halliburton Energy Services, Inc., a Delaware corporation having a place of business in Houston, Texas, and its successors and assigns (collectively hereinafter called "the Assignee"), the entire right, title and interest throughout the world in the inventions and improvements which are subject of a PCT Application entitled SEALING SYSTEM FOR A WELL VALVE, filed December 16, 2013, and assigned PCT Serial Number PCT/US2013/075332, this assignment including said application, any and all United States and foreign applications and patents, utility models, and design registrations for any of said inventions or improvements; and the right to claim priority based on the filing date of said application under all treaties; and we hereby authorize the Assignee to apply in all countries in our name or in its own name for patents, utility models, design registrations and like rights of exclusion and for inventors' certificates for said inventions and improvements; and we agree for ourselves and our respective heirs, legal representatives and assigns, without further compensation to perform such lawful acts and to sign such further applications, assignments, Preliminary Statements and other lawful documents as the Assignee may reasonably request to effectuate fully this assignment.
