ASSIGNMENT

FOR GOOD AND VALUABLE CONSIDERATION, the receipt and sufficiency of which are hereby acknowledged, we, **Stephen D. Matza** and **Jack G. Frost** ("ASSIGNORS"), having made an invention in **Process for Decontamination of Hazardous Sulfur Compounds in Sour Water Tanks**, do hereby ASSIGN, SELL and CONVEY to **United Laboratories International, LLC**, a corporation organized, existing, and doing business at 12600 North Featherwood, Suite 330, Houston, Texas 77034 (sometimes hereinafter called "ASSIGNEE"), and Assignee's successors, assigns and legal representatives, the entire right, title and interest throughout the world in and to:

1. Said invention in **Process for Decontamination of Hazardous Sulfur Compounds in Sour Water Tanks**;
2. United States of America patent application on said invention, Application No. 13/650,561 filed October 12, 2012, entitled **Process for Decontamination of Hazardous Sulfur Compounds in Sour Water Tanks**;
3. United States of America patent application on said invention, Application No. 61/546,481 filed October 12, 2011, entitled **Process for Decontamination of Hazardous Sulfur Compounds in Sour Water Tanks**;
4. All applications for patent or like protection on said invention that have now been or may in the future be made by us or our legal representatives, including any continuation, continuation-in-part and any other utility applications that may be based on this invention, whether in the United States of America or any other place anywhere in the world;
5. All patents and like protection that have now been or may in the future be granted on said invention to us or our legal representatives, whether in the United States of America or in any other country or place anywhere in the world;

6. All substitutions for and divisions, continuations, continuations-in-part, renewals, reissues, extensions, and the like of said applications and patents and like grants, including without limitation, those obtained or permissible under past, present and future laws and statutes;
7. All rights of action on account of past, present and future unauthorized use of said invention and for infringement of said patents and like protection;
8. The right in ASSIGNEE to file in its name applications for patents and like protection for said invention in any country or countries foreign to the United States; and
9. All international rights of priority associated with said invention, applications, patents and like protection; and we covenant that we, and our heirs, legal representatives, assigns, administrators, and executors, will, at the expense of ASSIGNEE, its successors and assigns, execute all papers and perform such other acts as may be reasonably necessary to give ASSIGNEE, its successors and assigns, the full benefit of this Assignment.

EXECUTED on the date indicated below, opposite my signature.
