EXHIBIT A - ASSIGNMENT

WHEREAS, I. Giovanni Gasperoni, a citizen of the Italian Republic, both for himself individually and on behalf of Volare & Connecting, LLC, both having an address of 428 Melville Avenue, St. Louis, MO 63110, ("Assignor") filed and/or have rights in and to the United States and/or foreign patents, patent publications, and/or patent applications identified on Schedule 1 to this Patent Assignment and certain intellectual property identified on Schedule A to this Patent Assignment (the "Patent Properties");

WHEREAS, Novus International, Inc., a corporation having an address of 20 Research Park Drive, St. Charles, MO 63304 ("Assignee"), is desirous of acquiring an interest in, to, and under the Patent Properties in the United States of America and all other countries.

NOW THEREFORE, to all whom it may concern, be it known that for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor has sold, assigned, and transferred, and by these presents does sell, assign, and transfer, to Assignee the entire right, title, and interest that Assignor has, throughout the world, in, to, and under the following:

- (a) the Patent Properties identified in Schedule 1;
- (b) the invention(s) of the Patent Properties, including any invention(s) set forth and described in any specification(s) of the Patent Properties, if any, including prepared, executed, to be executed, or not executed by me/us therefor, preparatory to obtaining one or more patents of the United States and/or countries foreign thereto, whether prepared, executed, to be executed, not executed, and/or filed as provisional application(s) and/or non-provisional application(s);
- (c) any and all provisionals and non-provisionals, refilings, divisions, continuations, and continuations-in-part of the Patent Properties;
- (d) any and all patents of the United States of America that may issue from the application(s), refilings, divisions, continuations, and continuations-in-part of the Patent Properties;
- (e) any and all reissues, reexaminations, and extensions of the patents of the United States of America;
- (f) any and all applications for patent for or upon the invention(s) that may be filed in any and all countries foreign to the United States of America;
- (g) any and all refilings, divisions, and continuations of the foreign-filed applications;
- (h) any and all patents of countries foreign to the United States of America that may issue from the foreign-filed applications, refilings, divisions, and continuations;
- (i) any and all extensions of, and additions to, the patents of countries foreign to the United States of America;

Initials

(j) the right to apply or continue prosecution for any of the above and revive prosecution of any abandoned rights for any of the above; and

(k) all causes of action and enforcement rights for any of the above, including all rights to pursue damages, injunctive relief, equitable relief, and other remedies and all past, present, and future damages to or for any of the above.

ALL of the above shall be held and enjoyed by Assignee for its own use and benefit, and for its successors, legal representatives, and assigns, to the full end of the term for which any patents may be granted, and Assignor does hereby authorize and request the Patent Office or other government agency in each jurisdiction to issue any patents or certificates of invention or equivalent that may be granted upon any of the above in the name of Assignee.

Executed the 19 day of ^{April}~~December~~, 2015.
