**ASSIGNMENT**

WHEREAS Eberle Manufacturing Co., 230 Larkin Drive, Wheeling, IL 60090 [hereinafter referred to as "First Assignee and Assignor"] has acquired the entire right, title and interest from the below named inventors:

Robert Andrew Eberle  
2200 Lake Shore Drive  
Lindenhurst, IL 60046

Oleg Berger  
40 Seneca Ave. East  
Hawthorn Woods, IL 60047

in the invention entitled:

**EGG CARTON WITH DIAGONAL LID PANEL**

as disclosed in US Serial No. 15/366,490, filed December 1, 2016.

WHEREAS, Tekni-Plex, Inc., whose post office address is 460 E. Swedesford Rd., Suite 3000, Wayne, PA 19087 (hereinafter referred to as Second Assignee), is desirous of securing the entire right, title, and interest in and to this invention from the First Assignee and Assignor in all countries throughout the world, and in and to all applications, including US Serial No. 15/366,490, for US and foreign patents on this invention and the Patents to be issued upon such applications;

NOW THEREFORE, be it known that for and in consideration of good and valuable consideration the receipt of which is hereby acknowledged, First Assignee and Assignor has sold, assigned, transferred, and set over, and does hereby sell, assign, transfer, and set over unto the Second Assignee, its lawful successors and assigns, its entire right, title, and interest in and to this invention, and all US patent applications, including US Serial No. 15/366,490, filed on such invention, and all divisions, continuations, and continuation-in-part applications thereof, and all patents of the United States which may be granted thereon, and all reissues thereof, as well as all rights to claim priority on the basis of such applications, and all applications for patents which may hereafter be filed for this invention in any foreign country and all patents which may be granted on this invention in any foreign country, and all extensions, renewals, revivals and reissues thereof; and First Assignee and Assignor does hereby authorize and request the Commissioner of Patents and Trademarks of the United States and any official of any foreign country whose duty it is to issue patents on applications as described above, to issue all patents for this invention to Second Assignee, its successors and assigns, in accordance with the terms of this Assignment;

AND, First Assignee and Assignor hereby covenants that it has the full right to convey the interest assigned by this Assignment, and First Assignee and Assignor has not executed and will not execute any agreement in conflict with this Assignment;

AND, First Assignee and Assignor hereby further covenants and agrees that it will, without further consideration, communicate with Second Assignee, its successors and assigns, any facts known to it respecting this invention, and testify in any legal proceeding, sign all lawful papers when called upon to do so, execute and deliver any and all papers that may be necessary or desirable to perfect the title to this invention and applications in said Second Assignee, its successors or assigns, execute all divisional, continuation, continuation-in-part, and reissue applications, make all rightful oaths and generally do everything possible to aid Second Assignee, its successors and assigns, to obtain and enforce proper patent protection for this invention in the United States and any foreign country.

IN WITNESS WHEREOF, First Assignee and Assignor has caused this Assignment to be executed in the name of its duly elected officer on the date indicated hereinafter.

On behalf of Eberle Manufacturing Co.:

Name: ROBERT EBERLE
