JOINT TO CORPORATE ASSIGNMENT

WHEREAS, the undersigned Inventors:

(1) Marco Gagliardi
a resident of Brisbane, California; and

(2) Neil Desai
a resident of Saratoga, California

have invented certain new and useful improvements in:

RULE ORGANIZATION FOR EFFICIENT TRANSACTION PATTERN MATCHING

and have executed a declaration for an application for a United States patent disclosing and identifying the invention, the declaration being executed on April 9, 2010.

WHEREAS Computer Associates Think, Inc. (hereinafter termed "Assignee"), a corporation of the State of Delaware, having a place of business at One CA Plaza, Islandia, New York 11749, wishes to acquire the entire right, title and interest in and to said application and the invention disclosed therein, and in and to all embodiments of the invention, heretofore conceived, made or discovered jointly or severally by said Inventors (all collectively hereinafter termed "said invention"), and in and to any and all patents, certificates of invention and other forms of protection thereon (hereinafter termed "patents") applied for or granted in the United States and/or other countries.

NOW THEREFORE, for good and valuable consideration acknowledged by each of said Inventors to have been received in full from said Assignee:

1. Said Inventors do hereby sell, assign, transfer and convey to said Assignee, the entire right, title and interest (a) in and to said application and said invention; (b) in and to all rights to apply in any or all countries of the world for patents, certificates of inventions or other governmental grants on said invention, including the right to apply for patents pursuant to the International Convention for the Protection of Industrial Property or pursuant to any other convention, treaty, agreement or understanding; (c) in and to any and all applications filed and any and all patents, certificates of inventions or other governmental grants granted on said invention in the United States or any other country, including each and every application filed and each and every patent granted on any application which is a division, substitution, or continuation of any of said applications; (d) in and to each and every reissue or extension of any of said patents; and (e) in and to each and every patent claim resulting from a reexamination certificate for any and all of said patents.

2. Said Inventors hereby jointly and severally covenant and agree to cooperate with said Assignee to enable said Assignee to enjoy to the fullest extent the right, title and interest herein conveyed in the United States and other countries. Such cooperation by said Inventors shall include
