ASSIGNMENT

WHEREAS, I, the undersigned inventor, at the domicile address as listed below, have contributed to the invention of certain new and useful improvements as below entitled, for which applications for United States Letters Patent and corresponding foreign patent protection have been or will be made; and

WHEREAS, Obig Packaging B.V. (hereinafter referred to as "Assignee"), a corporation of the Netherlands, having an address of Merwedeweg 6, 3621 LR Breukelen, The Netherlands desires to acquire my entire right, title and interest in and to the invention, entitled "**SUMP BASE DISPENSING APPARATUS FOR BULK BIN AND BAG COMBINATION**" and in and to any and all applications and any Letters Patent that may issue thereon.

NOW, THEREFORE, for and in good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I assign to Assignee, all right, title and interest in and to said invention and in and to any provisional, utility or design applications and all patents which may be granted therefor, and all divisions, reissues, continuations, continuations-in-part and extensions thereof; and I authorize and request the Commissioner of Patents and Trademarks to issue all patents for said invention, or patents resulting therefrom, insofar as my interest is concerned, to Assignee and any subsequent assignees of the Assignee.

I also assign to Assignee, all right, title and interest in and to the invention disclosed in said application throughout the world, including the right to file applications and obtain patents, utility models, industrial models and designs for said invention in Assignee's own name throughout the world including all rights to publish cautionary notices reserving ownership of said invention and all rights to register said invention in appropriate registries; and I further agree to execute any and all powers of attorney, applications, assignments, declarations, affidavits, and any other papers in connection therewith necessary to perfect such right, title and interest in Assignee.

I will communicate to Assignee any facts known to me respecting any improvements; and, at the expense of Assignee, I will testify in any legal proceedings, sign all lawful papers, execute all divisional, continuation, continuation-in-part, reissue and substitute applications, make lawful oaths and declarations, and generally do everything possible to vest title in Assignee and to aid Assignee to obtain and enforce proper protection for said invention in all countries.

I hereby represent and warrant that I am under no duty or obligation, whether written or oral, to assign my rights to the above entitled invention to any person, company, or entity and that I have the full right, power and authority to assign this invention and patent rights appurtenant thereto.

This Assignment shall be binding on the parties' successors, assignees and legal representative.
